Jal Jeevan Mission achieves milestone ...

(Contd. from page 1)

Bihar (90%) are on the verge of becoming 'Har Ghar Jal' in 2022. To achieve the mammoth task of providing tap water supply to every rural household in a span of five years, Rs 3.60 lakh Crore has been allocated. Rs. 60,000 Crore has been allocated to 'Har Ghar Jal' in Union Budget 2022-23 to provide tap water to 3.8 Crore households.

In addition to above, in 2021-22, Rs 26,940 Crore has been allocated to States as 15th Finance Commission tied grant for water & sanitation to Rural Local Bodies/ PRIs. There is an assured funding of Rs 1,42,084 Crore for the next five years i.e. up to 2025-26. This huge investment in rural areas across the country, is accelerating economic activities and boosting rural economy, as well as creating employment opportunities in villages. In a paradigm shift from earlier water supply programmes, Jal Jeevan Mission focuses on water service delivery and not just building water supply infrastructure. The motto of the Jal Jeevan Mission is 'no one is left out', thus ensuring every household irrespective of its socio-economic status, gets tap water supply. Jal Jeevan Mission strives for the freedom of mothers and sisters from centuries old drudgery of fetching water for household, and improving their health, education and socio- economic condition. The Mission is bringing 'ease of living and adding pride and dignity to rural families.

Andaman & Nicobar Island, Andhra Pradesh, D&NH and D&D, Goa, Gujarat, Haryana, Himachal Pradesh, Jammu & Kashmir, Karnataka, Kerala, Puducherry, Sikkim, Tamil Nadu, Telangana and Uttarakhand have made provision of tap water in every school. Central Government has asked the States to ensure provision of clean tap water supply in the remaining schools and Anganwadi Centres at the earliest to ensure better health, improved sanitation and hygiene for children.

With the active participation of people especially women, and rural communities working together, Jal Jeevan Mission has become a Jan Andolan. For long term drinking water security, local communities and Gram Panchayats are coming forward and taking responsibility to manage in village water supply systems, their water resources and grey water. Jal Jeevan Mission is on track to fulfill the Government's resolve to provide tap water supply to every rural household by 2024.
