We must aspire to take India to the top 25 positions in the Global Innovation Index: Commerce Minister

New Delhi, Jan. 10 (PIB)

The Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Shri Piyush Goyal today called upon stakeholders in the innovation ecosystem to strive to take India to the top 25 in the Global Innovation Index. Our startups are the key reason behind India's meteoric rise in Global Innovation Index from 76 in 2014 to 46 in 2021, Shri Goyal said. He was inaugurating the "Startup India Innovation Week Launch" virtually from New Delhi today.

Expressing his delight at being able to participate in the first ever Startup Innovation launch week, Shri Goyal said that 'Celebrating Innovation Ecosystem', as a part of 'Azadi Ka Amrit Mahotsav', was also a call to action for all of us to strengthen our startup ecosystem further.

The Minister spoke of the need for institutionalizing the Startup Week Celebrations as an annual event so that we keep reviewing, reinventing, rejuvenating and reenergizing our startup ecosystem. He said that there is a need for developing a futuristic

outlook to pave the roadmap of the future while we celebrate our entrepreneurs.

This virtual week-long innovation celebration aims to commemorate the 75th year of India's independence 'Azadi Ka Amrit Mahotsav' and is designed to showcase the spread and depth of entrepreneurship across India. The startup and innovation festival's primary goal is to bring together the country's key startups, entrepreneurs, investors, incubators, funding entities, banks, policymakers, and other national and i n t e r n a t i o n a l stakeholders to celebrate entrepreneurship and promote innovation. Furthermore, to exchange knowledge on nurturing startup ecosystems; to develop e n t r e p r e n e u r i a l ecosystem capacities; to mobilise global and domestic capital for startup investments; to encourage and inspire the youth for innovation and entrepreneurship; to provide market access opportunities to startups; and to showcase high-quality, high-technology, and frugal innovations from India.

Visually challenged students will soon have access to Braille Maps, enabling them for ease of use: Govt

New Delhi, Jan. 10 Ministry of Science and Technology said that visually challenged students from all over the country will have access soon to Braille Maps designed and developed using Digital Embossing Technology, enabling them for ease of use, user-friendly, better feeling, and durable in terms of quality. It added, this technology is not only useful for high-speed

production of the maps but can also produce Braille Maps that can be used by more people for years together.

Ministry said, the technology has been introduced, designed, and implemented for the first time in India by National Atlas and Thematic Mapping Organisation functioning as the Attached Office of the Department of Science and Technology. (Source: india.gov.in)
