Chennai, July 29

Prime Minister, Shri Narendra Modi has said that the whole world is looking at India's youth with hope as the growth engines of the country and India is considered the world's growth engine. Speaking at the 42<sup>nd</sup> Convocation Ceremony of Anna University at Chennai in Tamil Nadu today, Shri Modi recalled the words of Swami Vivekananda about the youth of the country. Shri Modi also recalled former President Dr. APJ Abdul Kalam's association with Anna University.

The Prime Minister noted that the COVID-19 pandemic was an unprecedented event. It was a once-in-a-century crisis that nobody had any user manual for. He said,

adversities reveal what we are made of. He emphasized that during the pandemic, India faced the unknown confidently, thanks to its scientists, healthcare professionals and common people. As a result, he said, every sector in India is bustling with a new life.

Shri Modi said, India received a record FDI of over 83 billion dollars

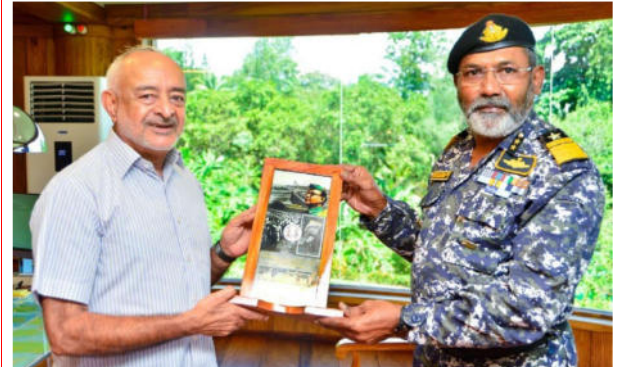

last year. The country's start-ups also received record funding post-pandemic. He asserted that India's position in the international trade dynamics is at its best ever. He said, India is becoming a vital link in the global supply chain.

The Prime Minister said, in the era of tech-led disruptions, there are three important factors in India's favour.

These are, taste for technology, trust in risk-takers and temperament for reform.

Shri Modi said, earlier, there was a notion that a strong government means, it should control everything and everyone. But, they have changed this concept. He said, a strong government does not need to control everything or everyone. It controls the system's impulse to interfere. A strong government is not restrictive but is responsive. Shri Modi said, a strong government does not move into every domain. He stressed that it limits itself and makes space for people's talents. He further emphasised that a strong government's strength lies in its humility to accept that it cannot know or do everything. This is
