

Strict vigil on illegal constructions

Chief Secretary directs PBMC & APWD to identify all illegal constructions

❑ Including private constructions on Govt. land ❑ Constructions without conversion of land ❑ Constructions without sanctioned building plan ❑ Constructions in violation of sanctioned building plan

Violations committed especially by greed-based large, moneyed & outsider encroachers shall not be spared

Port Blair, Oct. 27

In order to check the menace of illegal constructions, the Chief Secretary, A&N Administration, Shri Jitendra Narain has directed PBMC and APWD to identify all illegal constructions including private constructions on Government land, constructions without conversion of land, constructions without sanctioned building plan and

constructions in violation of sanctioned building plan within one week.

The Chief Secretary observed that only the poor and needy suffer in the encroachment and demolition drives while the real culprits are greed-based large, moneyed, outsider encroachers and violators. Big and powerful people must not get the impression that they will be spared.

Action may be slow, but it will be surely done and the greedy people will not be spared, cautioned the Chief Secretary.

The Chief Secretary also directed the concerned to place all building plans online and the database should be shared with the Housing & Estate Department. Accordingly, action shall be initiated by the concerned agency against those violators,

especially those who are rich, powerful, greedy and outsiders. It will also be ensured that hefty and exemplary penalty is levied against such violators.

The general public have been requested to share information on any such violations over telephone No. 231179 / WhatsApp no. 7063946381 and at @Pbmc_ANI on twitter, a press release from Secretary (PBMC) said.

Ex-Gratia Assistance to next of kin of deceased by COVID-19

State Disaster Management Authority issues order for disbursement of ex-gratia in accordance with the guidelines issued by MHA

DCs of all three Districts to act as Disbursement Authority in their respective jurisdiction

Port Blair, Oct. 27

In pursuance of Hon'ble Supreme Court Judgment in W.P. (C) No. 539 & 554 of 2021, the National Disaster Management Authority (NDMA), Government of India has issued guidelines for Ex-Gratia Assistance to next of kin of the Deceased by COVID-19 vide Letter No. 16/11/20-21 dated 11/09/2021 and recommended an amount of Rs. 50,000/- per deceased person

including those involved in relief operations or associated in preparedness activities of COVID-19 subject to cause of death certified as COVID-19 and the said ex-gratia assistance shall be paid from the State Disaster Response Fund (SDRF). Accordingly, in compliance with the above guidelines and with the approval of the State Disaster Management Authority, the Commissioner-cum-

Secretary (Disaster Management), A&N Administration has ordered that:

♦ The Deputy Commissioners of South Andaman, North & Middle Andaman and Nicobar District shall act as Disbursement Authority in their respective jurisdiction to disburse the ex-gratia assistance to the next of kin of deceased by COVID-19, in accordance with the

guidelines issued by the Ministry of Home Affairs (Annexure-B-published on pg. 2 of this issue).

♦ All application for ex-gratia will have to be submitted to the Deputy Commissioner of the District in the prescribed format (Annexure-A-published on Pg. 2 of this issue) along with specified documents including death certificate that certifies the cause of death to be COVID-19.

All claims must be settled within 30 days of submission of the application and disbursed through Aadhaar linked Direct Benefit Transfer procedure.

♦ The Chief Registrar/ Registrar of Birth & Death/ CMO authorised by Chief Registrar, may issue Official Document relating to COVID death to the family member of the deceased, who died due

The service was formally launched by Shri G Sudhakar, Secretary (Transport) in the presence of Dr. Aom Dhole, Director (Transport) today. First slot for DL test was booked on behalf of an applicant in his presence and related documents were handed over to him.

The services related to Driving Licenses can be availed online by the applicant on visiting the url <https://parivahan.gov.in>, a press release from Transport Deptt. said.

Ministry of Education notifies Four Year ITEP; Registrations to begin from academic session 2022-23

New Delhi, Oct. 27

Ministry of Education has notified the Four Year Integrated Teacher Education Programme-ITEP. It is a dual-major holistic bachelor's degree offering B.A. B.Ed/ B. Sc. B. Ed. and B.Com. B.Ed. which is one of the major mandates of the National Education Policy, NEP 2020 related to Teacher Education. As per the NEP, 2020, teacher engagement from the year 2030 onwards will be only through ITEP. It will be offered in pilot mode initially in about 50 selected multidisciplinary institutions across the country.

Ministry of Education in a statement said that

the commencement of Four Year ITEP will begin from the academic session 2022-23. Admission for the same will be carried out by the National Testing Agency (NTA) through the National Common Entrance Test (NCET). This course will be offered by multidisciplinary institutions and will become the minimal degree qualification for school teachers.

The Ministry added that National Council for Teacher Education (NCTE) has devised the curriculum of this course in such a way that it enables a student-teacher to get a degree in education as well as a specialized discipline such as History,

Mathematics, Science, Arts, Economics, or Commerce.

ITEP will not only impart cutting-edge pedagogy but will also establish a foundation in early childhood care and education, foundational literacy and numeracy, inclusive education, and an understanding of India and its values among others. ITEP will be available for all students who choose to teach as a profession after secondary, by choice. This integrated course will benefit students since they will save one year by finishing it in four years rather than the customary five years required by the present B.Ed. plan. Vaccination- shield against the virus 4,86,550 doses of vaccines administered to beneficiaries in Isles so far

Port Blair, Oct. 27

Vaccination drive to vaccinate maximum number of eligible beneficiaries of 18 above age group in the entire Island Territory by the A&N Administration is continuing at the designated vaccination centres, with 2050 eligible beneficiaries were vaccinated today. So far, 4,86,550 doses of

vaccines have been administered to beneficiaries in A&N Islands.

Meanwhile, 1417 beneficiaries were vaccinated in Nicobar District, out of which, 91 beneficiaries were in the age group of 18-44 years. Similarly, 260 beneficiaries were vaccinated in North & Middle Andaman

District, out of which, 7 beneficiaries were in the age group of 18-44. 373 beneficiaries were vaccinated in Nicobar District, out of which, 6 beneficiaries were in the age group of 18-44. A total of 1,72,782 eligible people in the age group of 18 to 44 years have been vaccinated till date, a press release from DHS said.

Seed treatment campaign organized by CIPMC at Chouldari

Port Blair, Oct. 27

The Directorate of Plant Protection, Quarantine and Storage, Faridabad/Ministry of Agriculture and Farmers Welfare launched Seed Treatment Campaign Rabi 2021-22 all over India which was virtually inaugurated by Dr. Pramod Kumar Meherda, Joint Secretary (PP) today. In Andaman & Nicobar UT, this programme was organized by Central Integrated Pest Management Center (CIPMC), Port Blair at Chouldari.

On this occasion, Dr. Ravi Prakash, Plant Protection Adviser stated that the main objective of seed treatment campaign is

to create awareness among the farmers regarding the importance of seed treatment in crop protection for enhancing the crop yield. Dr. O.P. Verma, Additional Plant Protection Adviser (IPM) said seed treatment is necessary to protect seed from seed/soil borne pest & diseases.

Shri H. P. Ramesh, Plant Protection Officer, In-Charge, CIPMC mentioned about ill effects of pesticide residues on human

health. Shri. Ramesh Kumar, Assistant Director of Agriculture, Dr. L. B. Singh, Scientist, PI-NICRA, KVK also spoke on the occasion.

Dr. Atul Gawande, APPO (PP) demonstrated the seed treatment of vegetables with Pseudomonas fluorescens and distributed pamphlets among the farmers. More than 35 farmers participated in the programme, a press release from CIPMC said.

National Disaster Management Authority
Guidelines for Ex-Gratia Assistance to next of kin of the
Deceased by COVID-19****(Issued in compliance to the Hon'ble Supreme Court Order dated
30.06.2021 in WP (Civil) No. 539 and WP (Civil) 554 of 2021)**

1. The Hon'ble Supreme Court through its order dated June 30, 2021 in WP (Civil) No. 539 and WP (Civil) 554 of 2021 has directed the National Disaster Management Authority (NDMA) to recommend guidelines for ex-gratia assistance on account of loss of life to the family members of the persons who died due to COVID-19, as mandated under Section 12(iii) of Disaster Management Act (DMA) 2005 for the minimum standards of relief to be provided to the persons affected by disaster.

2. The present guidelines are being issued in compliance with the above mentioned directions of the Hon'ble Supreme Court. These Guidelines should be read in conjunction with the "Guidelines for Official Document for COVID-19 Death" issued by Ministry of Health & Family Welfare (MoHFW) & Indian Council of Medical Research (ICMR) in compliance to the same order of the Hon'ble Supreme Court.

3. **Existing Norms:** The Existing Guidelines on Minimum Standards of Relief issued by NDMA in 2016, in accordance with Section 12(iii) of DMA 2005, in section 7 (e) stipulate that for ex-gratia assistance on account of loss of life, the norms provided by Government of India for Assistance from SDRF should be the minimum standard of relief. In this regard, the "Revised list of items & norms of assistance from State Disaster Response Fund (SDRF)/ National Disaster Response Fund (NDRF)" issued by the Ministry of Home Affairs on 8th April 2015 are the extant norms.

4. **Key considerations:** After broad consultations and due deliberations with key stakeholders, NDMA is of the view that for ex-gratia assistance related to COVID-19, different norms need to be applied for the following reasons:

a. COVID-19 is a disaster that has not abated. The total number of deaths continues to rise. There is uncertainty about new variants of the virus and likely future waves. Therefore, it is not possible to ascertain the total final financial burden emanating from ex-gratia assistance. Financial prudence demands that we plan in a manner that assistance can be provided to larger number of people should the number of deaths rise.

b. The state governments have already been incurring large expenditure from SDRF on various aspects of COVID-19 prevention, management and response. In addition, central government from the national budget has announced several measures to prevent COVID-19 (nationwide vaccination drive) as well as to provide relief assistance to those affected by COVID-19 (for example, support provided to the orphaned children, and PM Garib Kalyan Yojana Package). State governments have also announced welfare measures from the state budgets. So, in effect, some financial, and material, assistance has all ready been provided in different forms to some of the most vulnerable sections.

c. While COVID-19 is an unprecedented disaster, other natural disasters that occur more frequently have not abated. It is important that sufficient funds are available under SDRF to provide a timely and effective response to other disasters as well.

5. In view of the points mentioned in para 2, the Authority recommends an ex-gratia payment to next of kin of the deceased due to COVID-19, subject to cause of death being certified as COVID-19 as per the guidelines issued by MoHFW and ICMR.

6. Amount of ex-gratia payment: The Authority recommends an amount of Rs.50,000/- (fifty thousand only) per deceased person including those involved in relief operations or associated in preparedness activities, subject to cause of death being certified as COVID-19 With regards to such certification, and redressal of any grievances regarding the same, guidelines issued by MoHFW and ICMR on 3rd September 2021, and referred to in Para 2 above, will be applicable.

7. **Source of funds:** The ex-gratia assistance shall be provided by States from the State Disaster Response Fund (SDRF).

8. **Disbursement:** The District Disaster Management Authority (DDMA)/ district administration would disburse the ex-gratia assistance to the next of kin of the deceased persons. The concerned families will submit their claims through a form issued by State Authority alongwith specified documents including the death certificate that certifies the cause of death to be COVID-19. The DDMA will ensure that the process of claim, verification, sanction, and the final disbursement of ex-gratia payment will be through a robust yet simple and people-friendly procedure. All claims must be settled within 30 days of submission of required documents, and disbursed through Aadhaar linked Direct Benefit Transfer procedures.

9. **Grievance redressal:** In case of any grievances with regards to certification of the death, as prescribed in the MoHFW and ICMR guidelines mentioned above a Committee at district level consisting of Additional District Collector, Chief Medical Officer of Health, (CMOH). Additional, CMOH/ Principal or HOD Medicine of a Medical College (if one existing the district) and a subject expert, will propose necessary remedial measures including issuance of amended Official Document for COVID-19 death after verifying facts in accordance with these guidelines. In case the decision of the Committee is not in favour of the claimant, a clear reason for the same shall be recorded.

10. **Continuous scheme:** The Ex-Gratia assistance to families affected by COVID-19 deaths will continue to be provided for deaths that may occur in the future phases of the COVID-19 pandemic as well, or until further notification.

ANNEXURE- C**I.No.C.18018/II/2021-DMCell

**Government of India
Ministry of Health & Family Welfare & Indian Council of Medical
Research Guidelines for Official Document for COVID19 Death
(Issued in compliance to the Hon'ble Supreme Court order dated
30.06.2021 In
WP(Civil) No. 539 and WP (Civil) 554 of 2021)****1. Background**

Since the beginning of the Covid-19 pandemic, Indian Council of Medical Research (ICMR) and Ministry of Health & Family Welfare have been issuing specific guidelines to States/UTs based on World Health Organization's (WHO) guidelines & global best practices on reporting Covid deaths. Relevant officers in States/UTs have also been trained on correct recording of deaths related to Covid-19. Hon'ble Supreme Court in Writ Petition (Civil) No. 539 and 554 of 2021 directed the Central Government to issue simplified guidelines for issuance of Official Document relating to COVID-19 deaths to the family members of the deceased, who died due to COVID-19. Hon'ble Court had directed that such guidelines may also provide the remedy

to the family members of the deceased who died due to COVID-19 for correction of the Medical Certificate of Cause of Death/Official Document issued by the appropriate authority.

2. Guiding Principles

i. COVID-19 cases, for the purpose of these Guidelines, are those which are diagnosed through a positive RT-PCR/Molecular Tests/ RAT **OR** clinically determined through investigations in a hospital/ in-patient facility by a treating physician, while admitted in the hospital/ in-patient facility.

ii. Deaths occurring due to poisoning, suicide, homicide, deaths due to accident etc. will not be considered as COVID-19 deaths even if COVID-19 is an accompanying condition.

3. Scenario based approach and interventions

i. COVID-19 cases which are not resolved and have died either in hospital settings or at home, and where a Medical Certificate of Cause of Death (MCCD) in Form 4 & 4 A has been issued to the registering authority, as required under Section 10 of the Registration of Birth and Death (RBD) Act, 1969, will be treated as a COVID-19 death. Registrar General of India (RGI) will issue necessary guidelines to Chief Registrars of all States/UTs.

ii. As per the study by Indian Council of Medical Research (ICMR), 95% deaths take place within 25 days of being tested Covid positive. To make the scope broader and more inclusive, deaths occurring within 30 days from the date of testing or from the date of being clinically determined as a COVID-19 case, will be treated as 'deaths due to COVID-19', even if the death takes place outside the hospital/ in-patient facility.

iii. However, a COVID-19 case, while admitted in the hospital/in-patient facility and who continued as the same admission beyond 30 days and died subsequently, shall be treated as a COVID-19 death.

iv. In cases where the MCCD is not available or the next of kin of the deceased is not satisfied with the cause of death given in MCCD (Form 4/4A), and which are not covered by the aforesaid scenarios, the States/ UTs shall notify a Committee at district level consisting of Additional District Collector, Chief Medical Officer of Health (CMOH), Additional CMOH/ Principal or HOD Medicine of a Medical College (if one exists in the district) and a subject expert, for issuance of the Official Document for COVID-19 Death. The Committee will follow the procedure outlined below:

a. The next of kin of the deceased shall submit a petition to the District Collector for issuance of the appropriate Official Document for COVID-19 Death.

b. The Official Document for COVID-19 Death will be issued in the format annexed to these Guidelines by the aforesaid district-level Committee after due examination and verification of all facts.

c. The Official Document for COVID-19 Death shall also be communicated to Chief Registrars of States/UTs and Registrar of Birth and Death, who issued the death certificate.

d. The Committee shall, also examine the grievances of the next of kin of the deceased, and propose necessary remedial measures, including issuance of amended Official Document for COVID-19 Death after verifying facts in accordance with these guidelines.

e. The applications for issuance of Official Documents for COVID-19 Death and for redressal of grievances shall be disposed off within 30 days of submission of the application/ grievance.

**(Rajesh Bhushan)
Secretary****Ministry of Health & Family Welfare****Annexure I****ICMR: COVID-19 Deaths in India, a
brief summary****Background**

Since its emergence in Wuhan, China in November 2019, severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), the causative agent of the disease COVID-19, has spread rapidly around the world. India detected the first case of SARS-CoV-2 infection in the country in the last week of January, 2020. This was followed by the beginning of the first wave, which lasted for about 9 months. A total of 11 million cases and 0.157 million deaths were reported from India during this period with a peak of daily reporting of cases of over 4,00,000 attained in mid-September, 2020. The current understanding of COVID-19 in India come largely from disease surveillance, epidemiologic studies and modeling exercise. The first wave was relatively mild compared to the second wave that followed, from mid-February 2021 onwards, and exhibiting a more explosive spread across the country. Clinical severity in terms of shortness of breath and mortality were experienced in larger proportion during the second wave compared to the first one.

In order to help decide upon the number of days to be considered for ascertainment of death related to COVID, the present document examined mortality series data specific to India.

Databases used to create mortality series pertaining to India

Two databases, as follows, were used to merge the necessary information for creation of mortality series:

a) Death related data maintained by MoHFW in COVID-19 India Portal

b) ICMR COVID-19 testing database for SARS-CoV-2.

ICMR- identification number, which is a common attribute in both the databases, was used to achieve the necessary merger. This helped create a mortality series and assess the time period within which a recorded death took place following the first positive swab test date in this series.

Examination of mortality series from within India

SARS-CoV-2 virus - the causative organism of COVID-19- results in an acute respiratory viral infection. Data from a cohort of individuals testing positive for SARS-CoV-2 infection during the second half of 2020 were examined to map the time over a period of three months from being test positive within which deaths (71,982) occurred.

Days elapsed following the first swab positive date and before death

While cumulative number of deceased individuals were plotted against the number of days elapsed between the first positive swab date and death, clearly two to four weeks time appeared to be crucial.

The following graphical (Figure 2) representation quantifies this finding.

Cumulative coverage of deaths.**Annexure II****OFFICIAL DOCUMENT FOR COVID-19 DEATH****(Issued in compliance to the Hon'ble Supreme court Judgment dated 30th June
2021 in WP(Civil)
No. 539 & WP(Civil) 554 of 2021)**
