

PM inaugurates Akhil Bhartiya Shiksha Samagam on implementation of NEP

Basic premise of National Education Policy is to take education out of narrow thinking and connect it with the modern ideas of 21st century: PM

Varanasi, July 7 (PIB)

The Prime Minister, Shri Narendra Modi inaugurated Akhil Bhartiya Shiksha Samagam on implementation of the National Education Policy in Varanasi today. Addressing the gathering, the Prime Minister said that 'our education system and young generation carry a big part of realizing the pledges of the 'Amrit Kaal'. The Prime Minister said that "the basic premise of the National Education Policy is to take education out of narrow thinking and connect it with the modern ideas of the 21st century." The Prime Minister said, there was never a dearth of intellect and talent in the country, however, the education system created by the Britishers was never part of the Indian ethos. He

New India, the Prime Minister stressed that a new system and modern processes are critical. What was not even imagined earlier is a reality now, he said. The Prime Minister continued "not only did we recover so fast from the big epidemic of Corona, but today India is one of the fastest-growing large economies of the world. Today we are the third-largest startup ecosystem in the world."

The Prime Minister noted that in areas like space technology, where earlier only the Government used to do everything, now a new world is being created for the youth through private players. Sectors that used to be closed to women are now showcasing their talent.

The Prime Minister highlighted that in the new

candidature. India received 110 votes from the 155 State Parties that were present and voting.

The Intergovernmental Committee of the 2003 Convention consists of 24 members and is elected in the General Assembly of the Convention according to the principles of equitable geographical representation and rotation. States Members to the Committee are elected for a term of four years.

Some of the core functions of the Intergovernmental Committee include promoting the objectives of the Convention, providing guidance on best practices, and making recommendations on measures for the safeguarding of intangible cultural heritage. The Committee also examines requests submitted by States Parties for the inscription of intangible heritage on the Lists as well as proposals for programmes and projects.

In the past, India has served two terms as a member of the Intergovernmental Committee of this Convention. One from 2006 to 2010 and the other from 2014 to 2018. For its 2022-2026 term, India has formulated a clear vision for the protection and promotion of the intangible cultural heritage of humanity. Some of the priority areas that India will focus upon include fostering community participation, strengthening international cooperation through intangible heritage, promoting academic research on intangible cultural heritage, and aligning the work of the Convention with the UN Sustainable Development Goals. This vision was also shared with the other State Parties of the Convention prior to the elections.

India ratified the 2003 Convention for the Safeguarding of the Intangible Cultural Heritage in September 2005. As one of the earliest State Parties to ratify the Convention, India has shown great commitment towards matters related to intangible heritage and has actively encouraged other State Parties to ratify it. With 14 inscriptions on the Representative List of Intangible Cultural Heritage of Humanity, India also ranks high in the listing of intangible cultural heritage. After the inscription of Durga Puja in 2021, India submitted the nomination for Garba of Gujarat to be discussed in 2023.

As a member of the intergovernmental committee, India will have the opportunity to closely monitor the implementation of the 2003 Convention.

policy, the entire focus is on making children skilled according to their talents and choices of the children. "Our youth should be skilled, confident, practical and calculative, education policy is preparing the ground for this", he said. The Prime Minister emphasized the need to work for the future with a new thought process. He said, children today are displaying a very advanced degree of talent and we need to be prepared to help and harness their talent.

The Prime Minister lauded the effort that went into the preparation of NEP, however, he emphasized that the momentum was not let down after the preparation of the policy. There has been constant discussion and work on the implementation of the Policy. The Prime Minister personally attended many seminars and events to talk about the implementation of the policy. This has resulted in a situation where the county's youth is becoming an active partner in the growth of the country.

The Prime Minister also talked of a big overhaul of education infrastructure in the country. Many new colleges, universities, IITs and IIM are opening in the country. There has been an increase of 55 per cent in the number of medical colleges after 2014, he informed. The Common Entrance Test for universities will bring ease and equality to university admissions. "The National Education Policy is now opening the way for studies in the mother tongue.

In this sequence, ancient Indian languages like Sanskrit are also being carried forward", he said.
