

President of India graces Yuva Sammelan organized by 'My Home India'

The future of our country depends on the enterprise and determination of the youth: President Kovind

New Delhi, July 9 (PIB)

The President of India, Shri Ram Nath Kovind graced and addressed Yuva Sammelan organized by 'My Home India' in New Delhi today (July 9, 2022). Speaking on the occasion, the President said that youth are both the present and the future of any country. Their talent and ability play a special role in making a country proud. Therefore, it would be fair to say that today's youth is the history creator of tomorrow.

The President said that we know that India has the largest population of adolescents and youth in the world. This is called the 'Demographic Dividend' which is an

opportunity for our country. We should take all necessary steps to take advantage of this opportunity. It should be our aim that our youth contribute to the maximum in the development and progress of the country. The future of our country depends on the enterprise and determination of the youth.

The President said that it is a matter of great pride for all of us that Indian youth have laid the foundation of many start-ups by their talent and hard

work. Today's youth is on the path of becoming a job creator rather than a job seeker. It is very important that the youth acquire some kind of skill and choose their career on the basis of that skill. Today's era is of specialization. Only technology and expertise can take our youth to the top.

The President noted that as of 29 June 2022, 103 unicorns have been established in India, with a total valuation of approximately \$336 billion. He said that today, 1 out of every 10 unicorns in the world are in India. He also noted that as of May 2022, 47 companies across the world have achieved decacorn status in
