for better and effective communication while availing of welfare services and accessing various voluntary services. The Ministry said, the jump is indicative of UIDAI's continuous encouragement, facilitation, and residents' willingness to keep their mobile number updated for availing of various services. Nearly, 1700 Central and State Social Welfare Direct Benefit Transfer (DBT) and good governance schemes have been notified for use of Aadhaar.

There is a growing adoption and usage of Aadhaar across sectors in India. In February alone, 226.29 crore Aadhaar authentication transactions were executed, more than 13 percent growth over January when 199.62 crore such transactions were carried out.

Cumulatively, nine thousand 255.57 crore Aadhaar authentication transactions have been executed so far, by the end of February 2023.

Electronics and IT Ministry said, Aadhaar e-KYC service continues to play a stellar role in banking and non-banking financial services. More than 26.79 crore e-KYC transactions were carried out in the month of February. The adoption of e-KYC has reduced the customer acquisition cost of entities like financial institutions, telecom service providers, and others. Cumulatively, Aadhaar e-KYC transactions so far have gone past over one thousand 439 crores by the end of February.

Aadhaar has been playing a key role in supporting Prime Minister's vision of Digital India and enabling ease of living for residents. Residents who had got their Aadhaar issued 10 years ago, and have never updated after that in these years, such Aadhaar number holders are encouraged to get their documents updated.
