

India is not only leading on the domestic front but also setting up examples internationally by launching various International Alliances for combating climate change: Environment Minister

Lucknow, April 10 (PIB) Union Minister for Environment, Forest and Climate Change and Labour and Employment, Shri Bhopender Yadav has said India is not only leading on the domestic front but also setting up examples internationally by launching various International Alliances such as International Solar Alliance (ISA), Coalition for Disaster Resilient Infrastructure (CDRI) and Leadership Group for Industry Transition (LeadIT) for combating climate change.

Addressing the inaugural session of the National Climate Conclave 2023 in Lucknow, Uttar Pradesh, Shri Yadav outlined various initiatives that India has undertaken in climate arena with the focus on green growth in the Union Budget 2023-24. He acknowledged Green Climate Fund (GCF) Team for their presence in this Conclave and requested all participants to gain a deeper understanding of the GCF modalities and to develop concrete climate projects. He also emphasized the importance of engaging youth positively and proactively on climate change issues to encourage sustainable lifestyles.

This Conclave is part of an ongoing effort to accelerate climate action along the lines of enhanced climate action announced by the Prime Minister, Shri Narendra Modi at COP-26. This conclave is also designed to create greater awareness on "LiFE - Lifestyle for Environment".

The objective was to bring officials from States/UTs of India under one roof to focus on the challenges/issues in climate arena and explore innovative solutions at the local level along with creating a vibrant network of stakeholders who will continue to engage with each other on cross-cutting themes such as risk governance, technologies and innovation as well as domestic and international climate finance.

Govt. issues draft on Sagarmala Innovation and Start-up Policy

New Delhi, April 10 Ports, Shipping and Waterways Ministry has issued a draft on Sagarmala Innovation and Start-up Policy. This draft policy aims at nurturing start-ups and other entities working in the maritime sector.

Ports, Shipping and Waterways Minister, Shri Sarbananda Sonowal said, the Start-up India policy is the brainchild of Prime Minister, Shri Narendra Modi. Terming this a right step to create a strong ecosystem for fostering start-ups and innovation in the nation, he said, this will surely promote innovation and entrepreneurship.

Draft policy has identified several key areas for the startups including decarbonization, maritime education, multi-modal transportation, manufacturing, advance materials, maritime cyber security, smart communication and marine electronics. (Source: india.gov.in)

innovation which is already present everywhere.

The President said that one important aspect of supporting and enhancing creativity is to encourage children and youth to ask questions. Curiosity and spirit of enquiry are essential for finding out solutions to challenging problems. Our children should grow up to become solution providers. The President said that another important thing is that our citizens should have the zeal to serve the country. He or she should try to understand the problems and issues arising in the country and should feel responsible to contribute towards solving them may be at a small scale. She urged innovators, entrepreneurs, traditional knowledge holders and industry representatives to come together to find eco-friendly and sustainable solutions and encourage innovations in this direction.

The President said that FINE is a unique effort which promotes science, technology and innovation and encourages the citizens to undertake entrepreneurship and make their mark in India and abroad. She said that the spirit of entrepreneurship and the zeal to find solutions to challenging problems should be encouraged and rewarded. People can visit the Exhibition of Innovations till April 13, 2023 by registering themselves at <https://nif.org.in/fine2023>.

Digital safety must be ensured for users including women and children on all social media platforms: WCD Minister

New Delhi, April 10 Women and Child Development Minister, Smti Smriti Irani on Monday said that digital safety must be ensured for users including women and children on all social media platforms. She said, it is the need of the hour to become more conscious for women's digital safety because their image is being established negatively in this digital era. Smti Irani was addressing the Digital Suraksha Summit organised by Meta in New Delhi.

Highlighting the fake accounts on social media platforms, the Minister said that there should be a mechanism in place to identify the fake accounts and remove that. She said that all stakeholders including Parents, Academic Institutions and Civil Societies should be taken onboard to make a comprehensive digital safety policy for the children. Number of startups in India have grown by 300 times over the last 9 years: MoS for S&T

New Delhi, April 10 Minister of State for Science and Technology, Dr. Jitendra Singh on Monday said, the number of startups in India have grown by 300 times over the last nine years. Speaking at the National Innovation Awards at Rashtrapati Bhavan today, Dr. Singh said that as compared to 350 startups in 2014, now the country has more than 90,000 startups with over 100 unicorns.

The Minister underlined that Biotech StartUps also went up from around 50 to nearly six thousand during the period.

He attributed this growth to Prime Minister, Shri Narendra Modi's special startup scheme in 2016 and the opening up of the space and biotech sectors to private participation. Dr. Singh also praised the National Innovation Awards winners, saying they demonstrated that there is no linkage between formal education and innovation capabilities. The awards were presented in different categories, and two of the recipients were Padma Shri awardees for their innovations. (Source: india.gov.in)

Earthquake Safety Tips: Do's & Don'ts

The Andaman and Nicobar Islands are located in a seismically active part of the world (Zone-V) and earthquakes occur in these regions regularly. It is therefore, essential to strengthen the preparedness level of A&N Islands in dealing with earthquakes.

In views of the recent earthquakes which occurred in this UT, Dr. Nitin Shakya, Director (Disaster Management), A&N Administration has urged the residents of the UT to follow necessary precautionary measures to minimize the impact of earthquake, if it occurs and to follows the Do's & Don'ts on Earthquake to save precious lives and property.

BEFORE EARTHQUAKE

- Consult a structural engineer to make your house earthquake resilient.
- Preserve the design and layout drawings of your house for future reference.
- Fasten shelves securely to walls; place heavy/ large objects on lower shelves. Provide strong support to power and gas appliances.
- Prepare an emergency kit with essential items for safety and survival.
- Develop an emergency communication and evacuation plan for your family and community.
- Learn the technique of 'Duck-Cover-Hold'.
- Educate yourself and family members about earthquake risk by participating in earthquake safety programmes.

DURING EARTHQUAKE

- Stay calm and do not panic. If you're indoor, stay inside. If you're outside, stay outside.
- Don't use matches, candles, or any flame.
- If you're in a car, stop the car and stay inside until the earthquake stops.
- Duck under a table. Cover your head with one hand and hold the table till the tremors last.
- Stay away from mirrors and windows. Do not exit the building while the earth is still shaking.
- Move outside as soon as the tremors stop. Do not use a lift.
- When outside, move away from buildings, trees, walls and poles/electric lines.
- When inside a vehicle, pull over in an open place and remain inside, avoid bridges.
- When in a structurally safe building, stay inside until shaking stops.
- Protect yourself by staying in the corner/ under a strong table or bed and stay away from mirrors and windows.
- If near an exit, leave the building as soon as possible.
- If inside an old and weak structure, take the fastest and safest way out.

AFTER EARTHQUAKE

- Do not enter damaged buildings.
- If trapped in rubble:
 - Do not light a matchstick.
 - Cover your mouth with a cloth.
 - Tap on a pipe or a wall.
 - Sound a whistle.
- Shout only as a last resort. This will help you conserve energy.
- Use stairs and not lifts or elevators.
- Move cautiously, and check for unstable objects and other hazards above and around you. Check yourself for injuries.
- Anticipate aftershocks, especially after a major earthquake.
- Stay away from beaches. Tsunamis hit beaches sometimes after the ground has stopped shaking.
- Do not spread and/ or believe in rumours.
- Leave a message stating where you are going if you must evacuate your house.
- Do not drive around the damaged areas as rescue and relief operations need roads for mobility.
- Do not attempt to cross bridges/flyovers, which may have been damaged. "Be Aware, Be Prepared, Be Safe" (Source: Directorate of Disaster Management, A&N Administration)
