Finance Minister presents Interim Union Budget for 2024-2025 in Parliament

Government is working with an approach to development that is all-round, all-pervasive and all-inclusive: Finance Minister

New Delhi, Feb.1 (PIB)

The Finance and Corporate Affairs Minister Smt Nirmala Sitharaman, while presenting the Interim Union Budget for 2024-2025 in Parliament today announced that the capital expenditure outlay for the next year is being increased by 11.1 per cent to Rs 11,11,111 crore, which would be 3.4 per cent of the GDP.

She said, this is in the wake of building on the massive tripling of the capital expenditure outlay in the past 4 years resulting in huge multiplier impact on economic growth and employment creation.

As per the First Advance Estimates of National Income of FY 2023-24, presented along with the Finance Minister's speech, India's Real GDP is projected to grow at 7.3 per cent. This is also in line with the upward revision in growth projections for FY2023-24 by the RBI (in its December 2023 Monetary Policy Committee meeting) from 6.5 per cent to 7 per cent, prompted by strong growth in Q2 of FY 2023-24.

Indian economy has demonstrated resilience and maintained healthy macro-economic fundamentals, despite global economic challenges. The International Monetary Fund (IMF), in its World Economic Outlook (WEO), October 2023, has revised its growth projection for India for FY2023-24 upwards to 6.3 per cent from 6.1 per cent projected in July 2023. This reflects increasing global confidence in India's economic prowess at a time when global growth projection for 2023 remains unchanged at 3 per cent.

As per the IMF, India is likely to become the third-largest economy in 2027 (in USD at market exchange rate) and it also estimated that India's contribution to global growth will rise by 200 basis points in 5 years. Moreover, various international agencies such as the World Bank, the IMF, OECD and ADB project India to grow between 6.4 per cent, 6.3 per cent, 6.1 per cent and 6.7 per cent, respectively in 2024-25.

The Finance Minister stated that strong growth in economic activity has imparted buoyancy to revenue collections and pointed out that GST collection stood at Rs.1.65 lakh crore in December 2023. This is the seventh-

time that gross GST revenues have crossed Rs.1.6 lakh crore benchmark.

She said, coming to 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs 30.80 and 47.66 lakh crore respectively. The tax receipts are estimated at Rs 26.02 lakh crore.

In a major announcement, the Finance Minister said, the scheme of fifty-year interest free loan for capital expenditure to states will be continued this year with total outlay of Rs1.3 lakh crore. A provision of seventy-five thousand crore rupees as fifty-year interest free loan is proposed this year to support the milestone-linked reforms of Viksit Bharat by the State Governments.

MESSAGE

It gives me immense pleasure to note that the "World Wetlands Day" is being observed on 2nd February, 2024 in A&N Islands along with the Country and the world on the theme "Wetlands and Human Well Being". This theme emphasizes the critical role that wetlands play in ensuring our well-being by providing various ecological and economical services. Celebration of World Wetlands Day helps us to focus our attention to the urgent need to reverse the accelerating loss of wetlands and promote their conservation and restoration.

Wetlands are essential, biodiverse ecosystems where water is the primary factor controlling the environment and plant and animal life. Wetlands are known as the Earth's kidneys because they function as filters, absorbing pesticides and chemicals and removing harmful waste from water. Wetlands are vital for the survival of human, countless species of plants and animals. Wetlands may be saltwater or freshwater, inland or coastal, natural or human-made, permanent or temporary, static or flowing. Currently, wetlands cover about 6% of the Earth's land surface. It supports tourism, fisheries, agriculture, other economic activities and helps in water purification, flood control, and in climate change mitigation.

Sincere and dedicated efforts and actions are needed to prevent the loss and to restore wetlands for safeguarding the natural treasures for generations to come. Therefore, on this day, I appeal to all the nature loving Citizens of Andaman & Nicobar Islands to join hands and take all concerted initiatives for conserving and restoring the Wetlands for our well being in these enchanting Islands.

Finance Minister presents Interim Union Budget for 2024-2025 in Parliament...
(Contd. from page 1)

announced in her Budget Speech for 2021-22, to reduce fiscal deficit below 4.5 per cent by 2025-26, Smt Sitharaman said, the fiscal deficit in 2024-25 is estimated to be 5.1 per cent of GDP, adhering to that path.

Similarly, the gross and net market borrowings through dated securities during 2024-25 are estimated at Rs 14.13 and 11.75 lakh crore respectively and both will be less than that in 2023-24.

Pointing out at some of the bright spots of the economy, the Finance Minister informed that the Revised Estimate of the total receipts other than borrowings is Rs 27.56 lakh crore, of which the tax receipts are Rs 23.24 lakh crore. The Revised Estimate of the total expenditure is Rs 44.90 lakh crore. The revenue receipts at Rs 30.03 lakh crore are expected to be higher than the Budget Estimate, reflecting strong growth momentum and formalization in the economy.

Smt Sitharaman also stated that the gross and net market borrowings through dated securities during 2024-25 are estimated at Rs14.13 and 11.75 lakh crore respectively and both will be less than that in 2023-24.

She announced that the FDI inflow during 2014-23 was USD 596 billion marking a golden era and this is twice the inflow during 2005-14.

For encouraging sustained foreign investment, we are negotiating bilateral investment treaties with our foreign partners, in the spirit of 'first develop India', the Finance Minister added.

Smt Nirmala Sitharaman said, Prime Minister Shri Narendra Modi firmly believes and focused on four major castes. They are, 'Garib' (Poor), 'Mahilayen' (Women), 'Yuva' (Youth) and 'Annadata'(Farmer). She said, their needs, their aspirations, and their welfare are government's highest priority, because the country progresses, when they progress.

Smt Nirmala Sitharaman elaborated that this Government's humane and inclusive approach to development is a marked and deliberate departure from the earlier approach of 'provisioning up-to-village level'. Development programmes, in the last ten years, have targeted each and every household and individual, through 'housing for all', 'hargharjal', electricity for all, cooking gas for all, bank accounts and financial services for all, in record time, she added.

The Finance Minister stressed that this Government is working with an approach to development that is all-round, all-pervasive and all-inclusive. It covers all castes and people at all levels. She said, "We are working to make India a 'Viksit Bharat' by 2047. For achieving that goal, we need to improve people's capability and empower them".

She also pointed out, "Previously, social justice was mostly a political slogan. For our Government, social justice is an effective and necessary governance model".

The Finance Minister announced amidst thumping of desks that the Indian economy has witnessed profound positive transformation in the last ten years and the people of India are looking ahead to the future with hope and optimism. She added, "Conditions were created for more opportunities for employment and entrepreneurship. The economy got a new vigour. The fruits of development started reaching the people at scale. The country got a new sense of purpose and hope".

The Finance Minister informed that with the pursuit of 'SabkakaSaath' in these 10 years, the Government has assisted 25 crore people to get freedom from multi-dimensional poverty and the Government's efforts are now getting synergized with energy and passion of such empowered people.

She informed that PM Mudra Yojana has sanctioned 43 crore loans aggregating to Rs 22.5 lakh crore for entrepreneurial aspirations. It may be mentioned that thirty crore Mudra Yojana loans have been given to women entrepreneurs.

The Interim Budget contains a number of announcements and strategies indicating directions and development approach for making India Viksit Bharat by 2047.

Making a slew of announcements, Smt Nirmala Sitharaman said, the Government will pay utmost attention to make the eastern region and its people a powerful driver of India's growth, PM Awas Yojana (Grameen) is close to achieving the target of three crore houses and two crore more houses will be taken up in the next five years to meet the requirement arising from increase in the number of families. Similarly, through rooftop solarization, one crore households will be enabled to obtain up to 300 units free electricity every month.

Pradhan Mantri Kisan Sampada Yojana has benefitted 38 lakh farmers and generated 10 lakh employment. Pradhan Mantri Formalisation of Micro Food Processing Enterprises Yojana has assisted 2.4 lakh SHGs and sixty thousand individuals with credit linkages.

Smt Nirmala Sitharaman announced that for our tech savvy youth, this will be a golden era, as a corpus of rupees one lakh crore will be established with fifty-year interest free loan. She said, the corpus will provide long-term financing or refinancing with long tenors and low or nil interest rates. This will also encourage the private sector to scale up research and innovation significantly in sunrise domains, she added.

For Railways, three major economic railway corridor programmes will be implemented-energy, mineral and cement corridors, port connectivity corridors, and high traffic density corridors. Moreover, forty thousand normal rail bogies will be converted to the Vande Bharat standards to enhance safety, convenience and comfort of passengers.

On Aviation Sector, the number of airports have

doubled to 149 and today five hundred and seventeen new routes are carrying 1.3 crore passengers. Indian carriers have pro-actively placed orders for over 1000 new aircrafts.

Smt Nirmala Sitharaman announced that the Government will form a high-powered committee for an extensive consideration of the challenges arising from fast population growth and demographic changes and the committee will be mandated to make recommendations for addressing these challenges comprehensively in relation to the goal of 'Viksit Bharat'.

The Finance Minister pointed out that Prime Minister in his Independence Day address to the nation, in the 75th year of our Republic said, "we commit ourselves to national development, with new inspirations, new consciousness, new resolutions, as the country opens up immense possibilities and opportunities". It is our 'KartavyaKaal'. She said, "Every challenge of the pre-2014 era was overcome through our economic management and our governance and these have placed the country on a resolute path of sustained high growth".

Smt Nirmala Sitharaman emphasized, "This has been possible through our right policies, true intentions, and appropriate decisions. In the full budget in July, our Government will present a detailed roadmap for our pursuit of 'Viksit Bharat'.

No change relating to taxation has been proposed in the Interim Budget. The same rates for direct taxes and indirect taxes, including import duties, have been retained. However, to provide continuity in taxation, certain tax benefits to Start-Ups and investments made by sovereign wealth or pension funds as also tax exemptions on certain income of some IFC units have been extended by one year up to 31st March, 2025.

Withdrawal of Outstanding direct tax demands

Smt. Sitharaman made an announcement to improve tax payer services which is in line with the government's vision to improve ease of living and ease of doing business. There are a large number of petty, non-verified, non-reconciled or disputed direct tax demands, many of them dating as far back as the year 1962, which continue to remain on the books, causing anxiety to honest tax payers and hindering refunds of subsequent years. The Interim Budget proposes to withdraw such outstanding direct tax demands up to Rs. 25000/- pertaining to the period up to financial year 2009-10 and up to Rs. 10,000/- for financial years 2010-11 to 2014-15. This is expected to benefit about a crore tax payers.

Direct tax collections trebled

Appreciating the tax payers for their support, Smt. Sitharaman said that over the last 10 years the direct tax collections have more than trebled and the return filers swelled to 2.4 times. She highlighted the fact the Government has reduced and rationalised the tax rates due to which under the new tax regime there is no tax liability for tax payers with income up to Rs. 7 lakh. She also mentioned about increase in threshold for presumptive taxation for retail businesses as well as professionals. The Minister also mentioned about decrease in corporate tax rates for existing domestic companies from 30% to 22%, and for certain new manufacturing companies to 15%. In her Interim Budget speech, the Minister said that in the last 5 years the Government's focus has been to improve tax-payer services which has led to transformation of age-old jurisdiction-based assessment system, and filing of tax returns has been made simpler and easier. Average processing time of returns has been reduced from 93 days in the year 2013-14 to a mere ten days this year, thereby making refunds faster, she added.

GST reduced compliance burden

On indirect taxes, the Union Minister for Finance & Corporate Affairs Smt. Nirmala Sitharaman said that GST has reduced the compliance burden on trade and industry by unifying the highly fragmented indirect tax regime in India. Mentioning about a recent survey conducted by a leading consulting firm, she said that 94% of industry leaders view the transition to GST as largely positive. In her Interim Budget speech, the Minister highlighted the fact that tax base of GST has more than doubled and average monthly gross GST collection has almost doubled to Rs. 1.66 lakh crore this year. States too have benefited. States' SGST revenue, including compensation released to states, in the post-GST period of 2017-18 to 2022-23, has achieved a buoyancy of 1.22. The Minister said that the biggest beneficiaries are the consumers as reduction in logistics cost and taxes have brought down prices of most goods and services. Mentioning about a number of steps taken in customs to facilitate international trade, Smt. Sitharaman said the import release time declined by 47 per cent to 71 hours at Inland Container Depots, by 28 per cent to 44 hours at air cargo complexes and by 27 per cent to 85 hours at sea ports, over the last four years since 2019.

Laying of White Paper

On the status of Indian economy, the Union Minister said that in 2014 the responsibility to mend the economy step by step and to put the Governance systems in order was enormous, which she said was done by the Government sucessfully following its strong belief of 'nation-first'. She assured that the crisis of those years has been overcome and economy has been put firmly on a high sustainable growth path with all-round development. She announced that the Government will come out with a white paper, on 'where we were then till 2014 and where we are now, only for the purpose of drawing lessons from the mismanagement of those years'.

Budget is not merely an interim budget but an inclusive...

will create millions of new employment opportunities for the youth along with the creation of modern infrastructure of the 21st century in India. He also informed about the announcement to manufacture 40,000 modern bogies of Vande Bharat Standard and install them in general passenger trains which will further heighten comfort and travel experience of crores of passengers on different rail routes of the country.

Setting ambitious goals, Prime Minister Shri Modi stated, "We set a big goal, achieve it, and then set an even bigger goal for ourselves." Highlighting the government's efforts for the welfare of the poor and middle class, he informed about the construction of over 4 crore houses in villages and cities and increasing the target to build 2 crore more houses. Emphasizing the empowerment of women, PM Shri Modi said, "our goal was to make 2 crore 'Lakhpatis' among women. Now, this goal has been increased to make 3 crore 'Lakhpatis'."

Prime Minister Shri Modi praised the Ayushman Bharat Yojana for its significant assistance to the poor, extending its benefits to Anganwadi and ASHA workers. PM Shri Modi emphasized on the government's emphasis to empower the poor and middle class by creating new opportunities for them in this budget. He mentioned the Roof Top Solar Campaign where 1 crore families will avail free electricity, while also earn an income of Rs 15,000 to Rs 18,000 per year by selling excess electricity to the government.

The Prime Minister mentioned the income tax remission scheme announced today that will provide relief to about 1 crore citizens belonging to the middle class. Speaking about the major decisions taken for farmer welfare in the budget, Shri Modi mentioned use of Nano DAP, new scheme for animals, expansion of PM Matsya Sampada Yojana and Atma Nirbhar oil seed campaign which will increase the income of farmers and reduce expenses. The Prime Minister concluded his address by conveying his best wishes to all citizens on the historic budget.

- Tax benefits to Start-Ups, investments made by Sovereign wealth funds or pension funds extended to 31.03.2025
- Tax exemption on certain income of IFSC units extended by a year to 31.03.2025 from 31.03.2024

Indirect taxes

- FM proposes to retain same tax rates for indirect taxes and import duties
- GST unified the highly fragmented indirect tax regime in India
 - Average monthly gross GST collection doubled to Rs 1.66 lakh crore this year
 - GST tax base has doubled
 - State SGST revenue buoyancy (including compensation released to states) increased to 1.22 in post-GST period(2017-18 to 2022-23) from 0.72 in the pre-GST period (2012-13 to 2015-16)
 - 94% of industry leaders view transition to GST as largely positive
 - GST led to supply chain optimization
 - GST reduced the compliance burden on trade and industry
 - Lower logistics cost and taxes helped reduce prices of goods and services, benefiting the consumers

Tax rationalization efforts over the years

- No tax liability for income upto Rs 7 lakh, up from Rs 2.2 lakh in FY 2013-14
- Presumptive taxation threshold for retail businesses increased to Rs 3 crore from Rs 2 crore
- Presumptive taxation threshold for professionals increased to Rs 75 lakh from Rs 50 lakh
- Corporate income tax decreased to 22% from 30% for existing domestic companies
- Corporate income tax rate at 15% for new manufacturing companies

Achievements in tax-payer services

- Average processing time of tax returns has reduced to 10 days from 93 days in 2013-14
- Faceless Assessment and Appeal introduced for greater efficiency
- Updated income tax returns, new form 26AS and prefilled tax returns for simplified return filing
- Reforms in customs leading to reduced Import release time
 - Reduction by 47% to 71 hours at Inland Container Depots
 - Reduction by 28% to 44 hours at Air Cargo complexes
 - Reduction by 27% to 85 hours at Sea Ports

Economy-then and now

- In 2014 there was a responsibility to mend the economy and put governance systems in order. The need of the hour was to:
 - Attract investments
 - Build support to the much-needed reforms
 - Give hope to the people
- The government succeeded with a strong belief of 'nation-first'
- "It is now appropriate to look at where we were till 2014 and where we are now": FM
 - The Government will lay a White Paper on the table of the house. (Source: PIB)
