Promoting transparency & accountability in elections Know Your Candidate (KYC) App to facilitate citizens in making informed decisions

Port Blair, Feb. 23

The Know Your Candidate (KYC) app is a mobile application developed by the Election Commission of India (ECI) to help citizens know about the criminal antecedents of candidates contesting elections. The app is available on both Android and iOS platforms. To use the KYC app, voters need to select the election type and AC/PC name to view the

list of the nomination or they can search the candidate by name. The app will then display information

criminal cases filed against the candidate, the status of those cases, and the nature of the offenses. The KYC app is a useful tool for citizens to make informed decisions about who to vote for. It can help voters to identify candidates with a history of criminal activity and to avoid voting for them. The app can also help to promote transparency and accountability in

Know Your Candidate (KYC) App to facilitate...

(Contd. from page 1)

elections.

Here are some of the features of the KYC app:

- It allows voters to search for candidates by their names.
- It displays information about the candidate's criminal antecedents, if any.
- It provides information about the status of any criminal cases filed against the candidate.
- It shows the nature of the offenses that the candidate has been accused of.
- It is available on both Android and iOS platforms.

The KYC app is a valuable resource for voters who want to know more about the candidates who are contesting elections. It can help voters to make informed decisions about who to vote for and to promote transparency and accountability in elections. To download the KYC app, one can visit the ECI's website or the Google Play Store, or the Apple App Store.

In a press release, the Chief Electoral Officer, Andaman & Nicobar Islands, Shri B S Jaglan, IAS, has requested citizens of A&N Islands to use the App. This can help voters to make informed decisions about who to vote for and to promote transparency and accountability in elections.

Artificial Intelligence revolutionising clinical ...

(Contd. from page 1)

with AYUSH to achieve the envisaged health goals through a synergised approach.

Speaking as chief guest in the inaugural session of 2-day "International Patient Safety Conference 2024" in Bengaluru, Dr Jitendra Singh said, India's recent success stories which have been hailed worldwide including the vaccine story, have proved beyond evidence that working in silos or in isolation has its limitations and further growth from here on is possible only through an integration at multiple levels. Dr Jitendra Singh said, for the first time after Independence, the healthcare sector has received top priority under Prime Minister, Shri Narendra Modi. PM Modi spoke about Digital Health from the ramparts of the Red Fort on Independence Day, he recalled.

A renowned diabetologist himself, Dr Jitendra Singh called for strong Public Private extended integration for the optimum results. He gave the example of a recently introduced Ph.D course in Biosciences, which is multiple in nature and even B.Tech or M. Tech streams could join.

Elaborating further on integration of various streams of healthcare, Dr Jitendra Singh pointed out that during the COVID even the West started looking up to India in search of immunity building techniques drawn from Ayurveda, Homoeopathy, Unani, Yoga, Naturopathy and other oriental alternatives. He said, however, even after the COVID phase passes out, an optimum integration and synergism of different streams of medical management are the key to successful management of various diseases and disorders which may not be otherwise completely amenable to treatment by any single stream of medicine or the treatment given in silos. Dr Jitendra Singh said that ever since Shri Narendra Modi took over as Prime Minister of India in 2014, he has brought to the centre stage the virtues of indigenous systems of medical management. He said, it was PM Shri Modi who brought a unanimous resolution in the United Nations to observe International Day of Yoga, as a result of which Yoga has reached virtually every household across the world. Again it was PM Modi's initiative that we have celebrated the International Year of Millets in 2023 to spread the virtues of Millets and other coarse grains to the world.

Document verification for various posts in A & N Health Department to be held on Feb. 28 & 29

Port Blair, Feb. 23

Field day on sequential cropping organized by ICAR-CIARI

Port Blair, Feb. 23

The ICAR-Central Island Agricultural Research Institute, Port Blair, Andaman & Nicobar Islands organized the field day on 'sequential cropping system for improving productivity and livelihood security' in collaboration with KVK, Port Blair at ICAR-CIARI, Garacharma experimental farm today. The field day was participated by Padma Shri Ms. K. Chellammal (Selected) along with 30 farmers from South Andaman district. The field day was aimed to create awareness on sequential cropping under the plantations of A&N Islands and sensitize the farmers on the potential crop combinations to enhance the productivity of the plantations.

Sequential cropping is a common feature, particularly for tropical regions, where the crop seasons are largely dictated by the main wet season and the practice wherein short term crops are planted with and eventually replaced by long term trees. Dr. I. Jaisankar, Senior Scientist ICAR-CIARI, Port Blair briefed about the sequential cropping system developed under the Andaman Padauk plantation and outcome of the last two year experiment with various combination of the vegetable, tuber and fruit crops under the plantation.

Dr. T. Subramani, Senior Scientist & Head, NRM Division ICAR-CIARI, Port Blair explained the various agronomical practices followed for improving the yield of vegetables and also stressed on the need for diversifying the island farming system with the multiple vegetable and fruits for increasing the farm income and employment generation of the farmers. Dr. Y. Ramakrishna, Principal Scientist & Head, KVK, South Andaman and Dr. V.Damodaran, Senior Scientist & Head, KVK, Nimbudera highlighted the scope of the cropping system in the Island and crop calendar, a press release from CIARI said.

Park accompanied the students and also explained the unique biodiversity of Chidiyatapu. Around 35 students from various schools in and around Port Blair participated in the programme.

After completion of the tour, the students appeared for a 'feed back test' on the experience gained by them during the bird watching. Kumar N. Uday of Vivekanada Kendra Vidyalaya from Lamba Line, Kumari

Sky Show & Jurassic Park Light & Sound prog. at Science Centre

Effective enforcement of traffic rules...

(Contd. from page 1)

with fines totalling to Rs. 4,93,500/- being collected. This District fined 107 cases of drunk driving and 1 instance of dangerous driving. Similarly, in Nicobar District, 222 challans were issued, with fines amounting to Rs. 1,13,500/-.

Additionally, the Department actively engaged in raising awareness about safe driving practices all over the Islands through 102 Traffic Awareness programmes conducted across all the three Districts during this period. Among which, 45 programmes were organised in South Andaman District, 32 in N&M District and 25 in Nicobar District, aimed at educating general public/ students/drivers etc., about the importance of knowledge and adherence to traffic rules.

The Andaman and Nicobar Police Department reiterates its commitment to ensuring the safety and security of all road users. Through continued enforcement measures and proactive awareness initiatives, A&N Police aims to create a safer and more conducive environment for road safety and commute. The Police has also sought the active engagement and support of citizens in ensuring traffic discipline to save precious lives, a press release from A & N Police said.

Science Centre organises bird watching prog. for students

Port Blair, Feb. 23

As part of the observance of National Science Day week, the Science Centre at Port Blair organized a bird watching programme today. Students were taken to Chidiyatapu, a place well known for its avian fauna for watching the birds through binocular and were taught to identify the birds and its nature in its natural habitat. Shri AC Tilak, Deputy Director attached to Biological

Kangana of Govt. Sr. Sec School, School Line secured the first and second positions whereas Kumari K. Visishtha of Kendriya Vidyalaya -1 & Kumari Shayoni Das of RGT Public Vidyalaya were adjudged as third & consolation prize winners respectively.

The prizes will be distributed on the eve of the celebration of National Science Day on 28th February, 2024, a press release from Science Centre said.
