PM inaugurates and lays foundation stone of multiple key initiatives for Cooperative sector

Inaugurates pilot Project of the 'World's Largest Grain Storage Plan in Cooperative Sector' in 11 PACS of 11 States

Cooperative sector is instrumental in shaping a resilient economy and propelling the development of rural areas: PM

New Delhi, Feb. 24 (PIB)

The Prime Minister, Shri Narendra Modi today inaugurated and laid the foundation stone of multiple key initiatives for the Cooperative sector at Bharat Mandapam, New Delhi. The Prime Minister inaugurated the pilot project of 'World's Largest Grain Storage Plan in Cooperative Sector', which is being done in 11 Primary Agricultural Credit Societies (PACS) of 11 States. The Prime Minister also laid the foundation stone for additional 500 PACS across the country for construction of godowns & other agri infrastructure under this initiative. This initiative aims to seamlessly integrate PACS godowns with the food grain supply chain, fortifying food security and fostering economic development in the country with a collaborative effort supported by NABARD and spearheaded by the National Cooperative Development

Corporation (NCDC). This initiative is being implemented through convergence of various existing schemes like the Agriculture Infrastructure Fund (AIF), Agriculture Marketing Infrastructure (AMI), etc. to enable PACS participating in the project to avail subsidies and interest subvention benefits for undertaking infrastructure development. The Prime Minister also inaugurated a project for computerization in 18,000 PACS across the country, aligning with the Government's vision of "Sahakar se Samridhi" aimed at rejuvenating the cooperative sector and empowering small and marginal farmers.

Speaking on the occasion the Prime Minister noted that Bharat Mandapam is witnessing another milestone in the journey of Viksit Bharat i.e. a step forward in the direction of 'Sahkar se Samridhi'. The power of cooperation has a huge role in strengthening the foundation of agriculture and

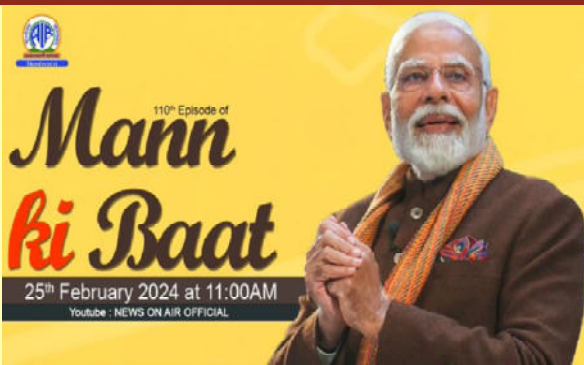

farming, this has led to a separate Ministry for Cooperation. He said that the 'World's Largest Grain Storage Plan in Cooperative Sector' launched today will result in thousands of warehouses and godowns in every corner of the country. This and other projects like computerization of PACS will give new dimensions to

Young Scientist Programme 2024 (YUVIKA)

Creating awareness on emerging trends in Science & Technology amongst school students

New Delhi, Feb. 24 (PIB)

Children and youth have fascination for space and universe. They are very curious and wish to know everything about the entire celestial phenomenon. To address this staunch curiosity of young

minds, Indian Space Research Organisation (ISRO) is organising a special programme for School Children called "Young Scientist Programme" "YUva Vigyani KARYakram" (YUVIKA). The key objective of this initiative is to impart basic knowledge on

Space Science, Space Technology and Space Applications to the younger students in emerging trends in space science and technology. ISRO has chalked out this programme to "Catch them young". As we all are aware that the youngsters can involve and excel in

space science and technology if they get an opportunity because they are the future building blocks of our nation. YUVIKA programme is also expected to encourage more students to pursue in Science, Technology,

ECI asks State Governments to ensure that officers who are transferred out of the district after completing 3 years are not posted in another district within the same Parliamentary Constituency

ECI directs States/UTs to implement transfer policy in both letter and spirit

Port Blair, Feb. 24

Taking serious note of the cases wherein officers are being transferred/posted in the adjacent districts within the same Parliamentary Constituency by the State Governments, the Commission has strengthened its existing transfer policy to ensure that officials are not able to disturb the level playing field in the elections.

Plugging the loopholes in the existing instructions,

the Commission has directed that, except for the States/UTs that comprise up to two Parliamentary Constituencies, all States shall ensure that officers who are transferred out of the district are not posted within the same Parliamentary Constituency. It has been reiterated that the transfer policy of the Commission must be adhered to in both letter and spirit and not just being camouflaged to show

compliance. This rule applies retrospectively to transfers and postings that have already been implemented in accordance with the Commission's prior instructions. As per ECI Policy, all the officers who were either posted in their home district or have completed three years at a place have been directed to be transferred. This includes officers who are in any way connected to the

election work either directly or in supervisory capacity. There has been a Zero Tolerance policy of the Commission against disturbing the level playing field in the elections. It may be recalled that in the recently held 5 State Assembly elections, the Commission ordered transfer of various officials, even senior level police officials in the State(s), a press release received here said.

agriculture and modernize farming in the country.

The Prime Minister underlined that cooperatives are an ancient concept for India. Quoting a scripture, the Prime Minister explained that a large task can be accomplished if smaller resources are put together and said that this model was followed in the ancient system of villages in India. "Cooperatives were the foundations of India's atmanirbhar society. It is not just any system, but a belief, a spirit", PM Shri Modi remarked, highlighting that this spirit of cooperatives is beyond the boundaries of systems and resources and produces exceptional results. He said that it has the potential to convert an ordinary system related to daily life into a huge industrious system, and a proven result of the changing face of the rural and agricultural economy. Through this new Ministry, the Prime Minister emphasized, the government aims to bring together the fragmented powers of the agricultural sector of India

Giving the example of Farmers Producers Organisation (FPOs), the Prime Minister noted the growing entrepreneurship among the small farmers in villages. He said due to having a separate Ministry, 8000 FPOs out of a target of 10,000 FPOs are already functional in the country. The benefits of cooperatives are now reaching fishermen and pushupalaks also. More than 25,000 cooperative units are functional in the fishery sector. The Prime Minister reiterated the Government's goal of establishing 200,000 cooperative societies in the coming years.

"Modernization of agricultural systems is equally important for the creation of a Viksit Bharat", the Prime Minister said, highlighting the Government's endeavour to create a new role for government organizations such as PACS. The Prime Minister outlined the importance of cooperative institutions in the journey of Viksit Bharat. He asked them to contribute towards the goals of Aatmanirbhar Bharat. "Viksit Bharat is not possible without an Aatmanirbhar Bharat ", the Prime Minister stressed. He suggested that the cooperative should list the items for which we are dependent on import and explore how the cooperative sector can help with producing them locally. He gave an example of edible oil as a product that may be taken up. Similarly, cooperative push for ethanol can reduce dependence on oil imports for energy needs. Pulse import is another area that the Prime Minister suggested for cooperative societies for the reduction of foreign dependence. Many manufacturing goods can also be taken up by the cooperatives, he said.

Focussing on the role of the cooperative in increasing rural income, the Prime Minister noted the impact of the dairy cooperative in his constituency Kashi. He also noted the strides made by cooperatives in the honey sector as honey production increased from 75 thousand metric tonnes to 1.5 lakh metric tonnes and honey export increased from 28 thousand metric tonnes to 80 thousand metric tonnes in the last 10 years. Acknowledging the role of NAFED, TRIFED and state cooperatives, the Prime Minister asked to expand the ambit of these bodies.

Underlining the benefits of digital payment and Direct Benefit Transfer, the Prime Minister emphasized the need for direct and digital payment by the PACS. He also asked them to come forward for soil testing and make soil health card campaign a success.

Union Minister for Home Affairs and Cooperation, Shri Amit Shah, Union Minister for Agriculture, Shri Arjun Munda and Union Minister for Commerce, Shri Piyush Goyal were present on the occasion among others.

Young Scientist Programme 2024 (YUVIKA)... (Contd. from page 1)

Engineering and Mathematics (STEM) based research and aligned career.

Young Scientist Programme - YUVIKA was conceived to impart basic knowledge on Space Science, Space Technology and Space Applications to the younger students with a preference to rural areas of the country. The programme is thus aimed at creating awareness about the emerging trends in science and technology amongst the school going students. The programme envisages two weeks' class room training, practical demonstration of experiments, hands on CANSAT, Robotic kit, Model rocketry, interactions with ISRO scientists and field visits.

The programme was conducted successfully in 2019, 2022 and 2023 with the participation of 111, 153 and 337 students respectively, representing each and every State and Union Territory of India. The students were divided into five batches based on the geographical locations and imparted training at VSSC, URSC, SAC, NRSC, NESAC, SDSC SHAR & IIRS.

ISRO received an overwhelming response for YUVIKA - 2023, as more than 1.25 lakhs students had registered for YUVIKA - 2023 from all corners of India. The students are selected from all States and Union Territories based on marks scored in their last examination, co-curricular and extra-curricular activities.

The course covers classroom lectures, hands on activity like robotics challenge, DIY assembly of rocket/satellite, sky gazing, etc., technical facility visits, and interaction with space scientists.

The registration process for YUVIKA-2024 is being held from February 20 and will continue upto March 20, 2024.

Students studying in Class 9 as on January 1, 2024, within India are eligible to apply for the ISRO Young Scientist Programme (YUVIKA). Applicants are advised to review carefully all the details entered in the application form, uploaded documents and certificates before submitting the application form. Applications once submitted cannot be edited or modified later. For more information, applicant students can visit the website of ISRO Antariksha Jigyasa: <https://jigyasa.iirs.gov.in/yuvika>.
