Government says 11 players have expressed interest in transshipment port project in Great Nicobar Island

New Delhi, Jan. 4

The government has received expressions of interest (EOIs) from 11 players for the Rs 41,000-crore international transshipment port project at Great Nicobar Island in the Bay of Bengal, Union Minister Sarbananda Sonowal said on Wednesday. Last year, the Ministry of Ports, Shipping and Waterways in a statement said the project is expected to be completed with an investment of Rs 41,000 crore (USD 5 billion), including investment from both government and public-private partnership "11 players have submitted expressions of interest for the international transshipment port project at Great Nicobar Island," the Ports, Shipping And Waterways Minister said.

The EOI was sought on January 28, 2022. The proposed port in the Andaman and Nicobar Islands will have the ultimate capacity to handle 16 million containers per year, and in the first phase, to be commissioned by 2028 at a cost of Rs 18,000 crore, it will handle more than 4 million containers. Other projects planned around the transshipment port include an airport, a township and a power plant.

The project is located on the international trade route, with existing transshipment terminals like Singapore, Klang and Colombo in proximity. The project focuses on three key drivers, which can result in making it a leading container transshipment port strategic location in terms of proximity (40 nautical miles) with the international shipping trade route, availability of natural water depth of over 20m and carrying capacity of transshipment cargo from all the

Proposed port will have the ultimate capacity to handle 16 million containers per year (Representative/Reuters)

ports in the proximity, including Indian ports, as per the statement. The proposed facility is envisaged to be developed in four phases.

The estimated cost for Phase 1 of the proposed transshipment port is around Rs 18,000 crore, which includes the construction of breakwaters, dredging, reclamation, berths, storage areas, building and utilities, procurement and installation of equipment and development of the port colony, with core infrastructure going to be developed with the government support.

Public-private partnership (PPP) will be encouraged for this project via landlord mode. The PPP concessionaire will have the flexibility to develop a storage area, container handling equipment and other infrastructure based on the concessionaire's own market and business assessment, subject to the minimum guaranteed traffic.

The concessionaire would be awarded a long-term PPP concession of 30 to 50 years (based on requirement), will be

responsible for the provision(s) of port services and shall have the rights to levy, collect and retain charges from port users. Currently, nearly 75 per cent of India's transhipped cargo is handled at ports outside India. Colombo, Singapore and Klang handle more than 85 per cent of this cargo, with more than half of it handled at Colombo port.(Source: This news was published in the 'The Times of India' quoting PTI in its edition dated

Jan.3,2024).

In addition to the setting-up of International Container Transshipment Terminal (ICTT), the holistic development of Great Nicobar Island project includes setting up of Greenfield Airport, Power Plant and Township. All applicable Environmental Clearances for the entire project has been obtained. Airport Authority of India (AAI) is in the process of finalizing the DPR for Airport at an estimated cost of Rs. 10381.42 crores.

ANIIDCO has appointed M/s Egis India Consulting Engineers Pvt. Ltd. for preparation of detailed Master Plan and DPR for trunk infrastructure, for Township Project which is expected to be finalized by May 2024. Govt. of India is in the process of appointing NTPC for setting up of Power Plant in Great Nicobar Island. The estimated project cost for trunk infrastructure for Township and Power Plant is Rs. 28,080 crores. (Source: ANIIDCO)

India defeats South Africa by seven-wickets in second test at Cape Town

Cape Town, Jan.4

India claimed a seven-wicket victory against South Africa in the second and the final cricket test at Newlands Stadium in Cape Town. The match wrapped up in 107 overs, under five sessions, making it the shortest-ever in the history of test cricket. India's first-ever win at Cape Town has arrived in Dean Elgar's farewell Test.

Earlier, South Africa were bowled out for 176 runs in their second innings. Jasprit Bumrah produced a hostile spell to guide India to a series-levelling win against the hosts. Indian speedster took

6 wickets for 61 runs and knocked the stuffing out of South Africa's middle-order in a menacing morning spell. However Aiden Markram fought like a lone ranger and made 106 runs for his team.

India successfully chased down the target of 79 runs for the loss of 3 wickets

just after lunch on second day. For India, Yashasvi Jaiswal scored 28 runs and Skipper Rohit Sharma made 17 not out.

Yesterday, India scored 153 runs and took a lead of 98 runs in their first innings against the hosts. The hosts were all out for 55 runs in their 1st innings after opting to bat first.
