Indemnity to all beneficiaries of sterilization, doctors & health facilities through Family Planning Indemnity Scheme

Port Blair, Jan.23

To build the confidence of clients it is necessary to provide them safeguards against adverse events. Sterilization services are largely provided through public and accredited Pvt./NGO health facilities. There is a continuing concern about the number of adverse events following sterilization as well as litigations faced by the facilities /doctors against such cases. To mitigate this, the Government of India introduced the National Family Planning Insurance Scheme which was later modified as Family

Planning Indemnity Scheme (FPIS), now operational through State NHM Program Implementation Plan instead of private sector insurance company.

The objective of the Family Planning Indemnity Scheme is to indemnify all beneficiaries of sterilization, doctors and health facilities (public and accredited private/NGO) conducting sterilization operation in the unlikely event of death/failure/complication following sterilization operation.

Recently, on compliance of directives of Hon'ble Supreme

Court of India with respect to the doubling of compensation under Family Planning Indemnity Scheme (FPIS) and to share the burden thereof equally by the Govt. of India and the respective State Government, the UT Administration of A&N Islands has notified the doubling of compensation fixed under Family Planning Indemnity Scheme under Section 1 (A-D) with effect from October 15, 2020 issue of the Notification in respect of claims being settled hereafter.

The content of the scheme are as under:-

Death following sterilization within 8-30 days from the date of discharge from the hospital	Rs. 50,000/-	Rs. 50,000/-	Rs. 1 Lakh
