Shipping Minister launches 'Sagar Samriddhi' to bring transparency & efficiency

System aims at accelerating 'Waste to Wealth' campaign of MoPSW: Minister

New Delhi, June 9 (PIB)

Union Minister of Ports, Shipping & Waterways (MoPSW) and AYUSH, Shri Sarbananda Sonowal launched 'SAGAR SAMRIDDHI' - the online dredging monitoring system - in order to accelerate 'Waste to Wealth' initiative of the Ministry here today. Secretary of MoPSW, Shri Sudhansh Pant along with other senior officials of the Ministry, Major Ports and Organizations also attended this programme.

This system has been developed by National Technology Centre for Ports, Waterways and Coasts (NTCPWC) the technological arm of MoPSW. The new technology brings in marked improvement against the old system of Draft & Loading Monitor (DLM) system. The system will bring in synergy

among multiple input reports like daily dredging report. The report, the pre and post dredging survey data before

processing and producing real time dredging report. The 'Sagar Samriddhi' monitoring system will also allow

daily and monthly progress visualisation, Dredger performance and downtime monitoring, easy location track data with snapshot of loading, unloading and idle time. This system strengthens the Atmanirbhar Bharat and Make in India vision of PM Modi.

International Day of Yoga to be celebrated across the globe on June 21

New Delhi, June 9

The International Day of Yoga (IDY) will be celebrated all over the world on the 21st of this month and it will be the ninth International Day of Yoga. Prime Minister, Shri Narendra Modi in his address at the United Nations General Assembly in 2014, suggested an International Day of Yoga on 21st June.

It received support of 177 countries and since then

International Day of Yoga is being celebrated across the globe in every country. This worldwide acceptance of Yoga is a matter of pride for the country, as Yoga is an integral part of

Indian cultural and spiritual heritage. Yoga is an ancient science of wisdom for living a healthy life and by adopting it in daily life, one can make life easy and simple. (Source: india.gov.in)

India's 'Blue Economy' appears to unlock a sea of opportunities

New Delhi, June 9

The blue economy is termed as the sustainable use of ocean resources for economic growth, improved livelihoods, jobs and better care of the coastal areas. It refers to all economic activities related to oceans, seas and coasts, covering a wide range of interlinked established and emerging sectors, which encourage better stewardship of the ocean or 'blue' resources. It means we need to preserve the health of the ocean ecosystem also.

To realize its vast potential, the Government of India is coming out with a national policy on the blue economy. A draft policy framework on India's Blue Economy has been prepared by the Ministry of Earth Sciences, which envisages the optimal utilization of all sectors of the maritime domain including living, non-living resources, tourism, ocean energy and others for sustainable

development of coastal areas.

The policy document contains key recommendations on National Accounting

Framework for Blue Economy and Ocean Governance, Coastal Marine Spatial Planning and Tourism Priority, Marine Fisheries,

Aquaculture and Fish Processing. The policy also focuses on manufacturing, emerging industries, trade, technology, services and skill development, logistics, infrastructure and shipping, coastal and deep-sea mining and offshore energy and security, strategic dimensions and international engagement. The policy document aims to

been made online. Interested commuters may book the rooms through the online portal (Beta version) under the URL <http://andssw1.and.nic.in/> and submit their

application form online and paying the booking amount at the Reception Counter of DIPT and confirming their booking in advance, a press release from IP&T said.

Water Sports Activities at North Bay suspended from June 14 to 25 for maintenance of Floating Jetty

Port Blair, June 9

In view of the maintenance of the Floating Jetty of North Bay, the Water Sports Activities will be suspended from June 14 to 25, 2023 for smooth repairing of the Floating Jetty to facilitate the tourists. Hence, all stakeholders associated

with water sports activities have been requested to stop/divert the water sports activities on the above mentioned period. If required, they may divert the boats to NSCB Dweep or Viper Island to facilitate the tourists, a press release from Directorate of IP&T said.

Rojgar Mela has institutionalized Govt. recruitment process: Science & Technology Minister

New Delhi, June 9 Science and Technology Minister, Dr. Jitendra Singh has said that Rojgar Mela has institutionalised the Government recruitment process and a target has been set to provide 10 lakh jobs to the youth. He said, major reforms have been undertaken by the Government in the last nine years which are youth-centric. Briefing media in New Delhi today, the Minister said, several decisions were taken by the Government to reform the recruitment process. Listing out the various measures, he said, Mission Karmayogi is a new concept introduced by the Government. He said, the recruitment timeline has also been reduced and the examination system has been shifted from paper to computer model to bring more transparency in the recruitment system. India's 'Blue Economy' appears to unlock a sea...

(Contd. from page 1)

enhance the contribution of the blue economy to India's GDP, improve lives of coastal communities, preserve marine biodiversity and maintain the national security of marine areas and resources. It also emphasizes policies across several key sectors including Fisheries to achieve holistic growth of India's economy.

The country's blue economy is understood as a subset of the national economy comprising an entire ocean resources system and human-made economic infrastructure in marine, maritime, and onshore coastal zones within the country's legal jurisdiction. It does envisage the national security of marine.

The Centre in recent years has taken a number of initiatives to harness the full potential of the fisheries sector in a sustainable and responsible manner. The Centrally Sponsored Scheme 'Blue Revolution: Integrated Development and Management of Fisheries' was launched in 2015-16 with an outlay of Rs 3000 crores for a period of 5 years. In order to address the critical gaps in the fisheries infrastructure, 'Fisheries and Aquaculture Infrastructure Development Fund' was created in 2018-19 with a fund size of Rs. 7522.48 crores for providing concessional finance to the State/UT Governments, their entities and the private sector.

Recognizing the immense potential in fisheries sector, the Government of India in May, 2020 with highest investment of Rs. 20,050 crore, launched a new flagship scheme 'Pradhan Mantri Matsya Sampada Yojana' to bring about blue revolution through sustainable and responsible development of fisheries sector in the country. Pradhan Mantri Matsya Sampada Yojana is being implemented for a period of five years from 2020-21 to 2024-25 in all States and UTs. As a result of these initiatives, during recent years the fisheries sector in the country has shown impressive growth with an average annual growth rate of about 10 % during 2014-15 to 2018-19. The fish production has registered an average annual growth of more than 7% and stood at an all-time high of 141.64 lakh metric tons during 2019-20. Despite various issues faced by the sector during Covid-19 pandemic, India has achieved all-time high exports of marine products worth US \$ 7165 million during April to February, 2021-22.

With a coastline of nearly 7.5 thousand kilometers, India has a unique maritime position. Nine of its 29 States are coastal, and the nation's geography includes 1,382 Islands. There are nearly 199 ports, including 12 major ports that handle approximately 1,400 million tons of cargo each year.

Moreover, India's Exclusive Economic Zone of over 2 million square kilometers has a bounty of living and non-living resources with significant recoverable resources such as crude oil and natural gas. Also, the coastal economy sustains over 4 million fisherfolk and coastal communities.

With these vast maritime interests, the blue economy occupies a vital potential position in India's economic growth. It could well be the next multiplier of GDP and well-being, provide sustainability and socio-economic welfare are kept center-stage. Therefore, India's draft blue economy policy is envisaged as a crucial framework towards unlocking the country's potential for economic growth and welfare.(Source: india.gov.in)

Chandrayaan 3 mission is planned to be ...

(Contd. from page 1)

land at a specified lunar site and deploy the Rover that will carry out in-situ chemical analysis of the lunar surface during the course of its mobility. Another major project of Aditya L1 mission will be launched by August or by January next year. Aditya L1 satellite will be placed in a halo orbit around the Lagrange point or L1 of the Sun-Earth system to study the Sun. On Gaganyaan mission that plans to send astronauts to outer space, the ISRO Chairman said that two Abort missions to test the efficacy of the Crew module, Crew Escape module, and new electronics will be done in August, unmanned mission will be by the beginning of next year and manned mission is scheduled sometime in 2024-25. He informed that the human-rated LVM3 has successfully undergone all the tests and eight major tests on the modules are progressing well without any hitch.(Source: india.gov.in)

Dry days to be observed on ...

(Contd. from page 1)

Rangat under Rangat Tehsil shall be permitted to sell/serve liquor to anyone whatsoever on the aforesaid day. The order will be applicable to IMFL vending licensees i.e. ANIIDCO, CSD Canteen, all Defence Canteen, Police Mess and all private bar licensees functioning at above mentioned Panchayats, a press release from DC (SA) said.

SEVASUCHNAYEIN

ALL THE SAILINGS ARE SUBJECT TO WEATHER CONDITION

Passengers holding the tickets of Nalanda are advised to avail the sailing of MV Sindhu with the same tickets.

Shipping Minister launches 'Sagar Samriddhi' to ...

(Contd. from page 1)

Speaking on the occasion, Shri Sonowal said, "Hon'ble Prime Minister, Shri Narendra Modi gave us the mantra of 'Zero Defect and Zero Effect' and MoPSW is following his vision. In the era of advanced technology, it is essential to apply technology for monitoring the system so that human error can be minimised. From now onwards the Major Ports would be able to utilise the Online Dredging Monitoring System and bring about significant change in project implementation and bring down cost of dredging through use of the dredged materials. This will help in environment sustainability and will bring down the operational costs of the ports, bringing in more transparency and efficiency'."

"The monitoring system is expected to enable better productivity, better contract management and also effective reuse of dredged material with waste to wealth concept", said, Shri Sudhansh Pant, Secretary, MoPSW.

To address the objective of carrying out dredging with essential technical investigation, the MoPSW issued 'Dredging Guidelines for Major Ports' in 2021. The Dredging Guidelines outlined the procedure for planning and preparation, technical investigations, dredged material management, estimating the cost of dredging etc., to enable the Major Ports to formulate the dredging projects in order to complete in time. In March 2023, Ministry issued Addendum to the Dredging Guidelines 2021 for Major Ports for disposal of dredged material by incorporating a necessary provision in bidding documents which will help in reducing the dredging cost in form of 'Waste to Wealth'. It outlines a wide range of beneficial use of dredged material including engineering use for construction purposes, environmental enhancement including beach nourishment etc. to bring down the cost of the dredging.

The annual maintenance dredging at Major Ports and Waterways is around 100 million cubic meters, for which about Rs. 1000 crores are spent each year by the Ports and IWAI. Now with implementation of the Addendum of the Dredging guidelines and by using the Sagar Samriddhi, online dredging monitoring system, the dredging cost will be greatly reduced along with bringing in more transparency and efficiency in the overall system.

The MIV 2030 enables preparation of roadmap for taking up projects including dredging projects. The MIV also envisages developing Major Ports as Transshipment Hubs wherever possible and increasing their capacity by way of deepening their channels and near berths. Hence, dredging requirement will increase during the next decade with deep draft Ports of more than 18 meters' draft.

Presently, Cochin Port and Mumbai Port, have adopted the system and on New Mangalore Port and Deendayal Port it is running on trial basis. Now, MoPSW has mandated all Major Ports and IWAI to monitor the dredging activity through this system with customisation from NTCPWC. Accordingly, new dredgers will be using this system along with the old dredgers, which will be upgraded and equipped with the new system.

Weighing machines made mandatory ...

(Contd. from page 1)

quantity being delivered to them. The "weight of a domestic LPG cylinder is weight of empty cylinder + 14.2 kg of LPG filled in it with a maximum permissible error of 150 gm. Similarly, the weight of a 19 kg commercial LPG cylinder is weight of empty cylinder + 19 kg of LPG filled in it with a maximum permissible error of 1% and that for a 5 kg commercial LPG cylinder is weight of empty cylinder + 5 kg of LPG filled in it with a maximum permissible error of 1.5%. The empty weight of LPG cylinder is printed on the body of the cylinder.

The distributor shall get the weighing machine duly verified and stamped from the Legal Metrology Section functioning in the Directorate of Civil Supplies & Consumer Affairs prior to using it for any commercial transaction.

The Department of CS&CA has time and again advised all the authorized LPG distributors to provide weighing instrument at the time of delivery of LPG cylinders to facilitate the consumers. Now therefore, all the authorized LPG distributors have been once again advised to strictly comply with the Rules and make necessary arrangements for weighing of LPG cylinders during delivery at the earliest, failing which, strict action as per law shall be initiated against the distributor.

The Department of Civil Supplies and Consumer Affairs has been relentlessly working towards safeguarding the interest of the consumers. All the consumers have been advised that any mal practice by any person/ shop/establishment may be brought to the notice of the Department over Toll Free No. 1800-345-3197 or telephone no. 03192-230337, a press release from Department of CS&CA said.

Online applications invited for ...
