Chief Secretary holds meeting to review progress of remedial measures to resolve frequent interruption in power supply & its permanent solution

Administration in advance stage of hiring additional 15 MW DG capacity to overcome crisis situation

CS directs to immediately hire a technically competent maintenance agency for carrying out regular maintenance of T&D System

Port Blair, May 8

The Chief Secretary, A&N Administration, Shri Keshav Chandra, IAS had a detailed meeting today with the Senior Officers and Technical Team of Electricity Department to review the progress of remedial measures underway to resolve the problems being faced by public due to frequent interruption in power supply and to find out a permanent solution.

The reason for interruption/outages as analysed was mainly due to under frequency/overload as there is substantial gap between demand and supply as a result of prolonged hot season (unlike previous years) coupled with T&D system faults.

While the Administration is in the advance stages of hiring additional 15 MW DG capacity to overcome crisis situation, the Chief Secretary directed the Electricity Department to initiate the following remedial actions:-

➤ Immediately hire a technically competent maintenance agency for carrying out regular maintenance of Transmission & Distribution System

including line clearance, with suitable penalty provision to ensure effective management of line clearance.

➤ Immediately float tenders for replacement of bare conductor with covered conductors, which will resolve most of the issues.

➤ Development of software to check and monitor pilferage of diesel and forming an Enforcement Team.

➤ Presently, relay coordination is being carried out Departmentally, which substantially reduces the line faults and consequent system failures. The Electricity Department was directed to hire external expert agency as advised by CEA to further improve relay coordination, which may bring much better results.

➤ The hearing of JERC before entering into Power Purchase Agreement for 15 MW DG is fixed on 16.5.2023. Addition of 15 MW is likely to resolve most of the issues.

➤ As a long-term solution and as redundant to avoid future crisis situation, it was also decided to add 10-15 MW Government owned power plant, a press release from Electricity Department said.

PBMC mandates installation of bell type float valves in all connections

Non compliance will lead to disconnection of water supply

Port Blair, May 8

Water is the foundation of life and is the most precious gift of nature to mankind, yet we take it for granted and waste it. People leave pipes open leading to overflow till the supply is not closed. This leads to waste of precious water which can be saved just by installing simple bell with float valve in water storage tanks which will act to alert consumer and stop overflow.

PBMC has already made it mandatory in its water bye laws 'Port Blair Municipal Council Water Bye Laws 2017' to fix float valve in all its connections under clause 41. Accordingly, the general public have been advised to install bell type float valve on all their connections.

PBMC inspection teams will be carrying out house to house/commercial/institution inspections to check for its compliance. In case of non-compliance, disconnection of water supply will be done, a press release from PBMC said.

Ministry of Home Affairs invites recommendations ...

authorities for these awards. The recommendations are examined by a high-level Awards Committee, which makes its recommendations to the Prime Minister and the President. After approval of the President, the decoration of the award, i.e. Medal and Certificate along with the Cheque of monetary allowance in respect of the awardees, are sent to the concerned recommending authorities.

Over the last few years, it has been observed that various acts of life saving by individuals during natural calamities, accidents, extremists attack, drowning/fire incidents etc. are reported in the print and electronic media. However, such valiant and gallant acts go unrecognized in the absence of suitable nominations by the State/UT Government and authorities under whose jurisdiction such acts take place. Awards and decorations are tangible tokens of recognition of the services rendered by an individual. Such awards encourage and motivate others for similar action in the hour of need. The concerned authorities have therefore been requested to send suitable and deserving nominations to the Ministry for consideration. It may be noted that the recommendations for this award are considered by Awards Committee within a period of two years from the date of performance of the gallant act. Therefore, for the year 2023, any recommendation in respect of which the date of performance of the act falls prior to 1st October, 2021 should not be forwarded to the Ministry for consideration.

The recommendations for the Jeevan Raksha Padak series of Awards can only be sent through the password protected National Award portal designed by the Ministry of Home Affairs, (URL: www.awards.gov.in) in online mode only. The recommendations should contain all relevant details specified in the format available on the above said portal, including a citation in narrative form (maximum 250 words), clearly bringing out the sequence-wise details of the incident, courage and promptitude displayed by the rescuer and danger to life and also specific-role/contribution of the person (rescuer).

A character and antecedent verification certificate duly signed and stamped by the recommending authority may be scanned and uploaded on the portal. A Performa of this certificate is available on website. While recommending a person online, it has to be made sure that all the necessary details including name of the recommended person in Hindi are filled properly.

It may be noted that the recommendations for Jeevan Raksha Padak series of awards for the year 2023 are to be sent latest by 30th September, 2023. For online recommendations, each recommending authority should use the previous year's Login ID and Password. If Login ID and Password is not available for any reason then you are requested to send an email from your official email I.D. to sopub@nic.in to get your Login I.D. and Password through email.
