

## 19<sup>th</sup> Asian Games concludes in Hangzhou

### Indian contingent finishes campaign by living up to commitment of 'Iss baar 100 paar'; records haul of 107 medals

New Delhi, Oct. 8

At the Hangzhou Asian Games in China, the Indian contingent finished its campaign by living up to the commitment of "Iss baar 100 paar" with a record haul of 107 medals comprising of 28 Gold, 38 Silver, and 41 Bronze. This outstanding feat surpassed India's previous best of 70 medals at the Jakarta Asian Games in 2018.

Yesterday, on the last day of India's

medal action, Indian players won a total of 12 medals, with half of them being Gold in sports events like kabaddi, badminton, hockey, and archery. Indian athletes and

shooters were the show-stoppers of the Asian Games. Athletic brought India the most 29 medals. On the other hand, Indian shooters brought a total of 22 medals for the nation.

## Improvement of connectivity and penetration of mobile connectivity in A&N Islands...

(Contd. from page 1)

**Support provided by IT Department in online recruitment and conduct of CBT mode of exam:**

An online application (eRecruitment Portal) was developed for the benefit of all the aspiring applicants for online submission of application for recruitment anytime and from anywhere. About 45,000 applications were submitted through the portal by the candidates for different posts. For the first time, the A & N Administration conducted Computer Based Test (CBT) mode of exam, which is an online mode of examination. The CBT mode recruitment exam ensures free and fair examination with utmost transparency.

**Common Service Centers (CSCs):**

As on date, total 104 CSCs (54 CSCs in South Andaman District, 44 CSCs in North & Middle Andaman District, and 6 CSCs in Nicobars District) are operational across A & N Islands. All 249 services of various Departments of A&N Administration are offered through CSCs. In addition, various services and programmes of Central Government are also provided through these CSCs. The average footfall is around 200 per month.

**Future plans of IT Department to start ventures like Incubation Centre as being done in mainland:**

There are two issues being faced by Administration. First is the issue of connectivity of both mobile & internet in remote Islands. CANI has improved the connectivity. BharatNet project has been completed under which 1550 FTTH connections have been provided by BSNL to the rural households. Two more projects viz. 124 BTS of Reliance Jio and 4G saturation project by BSNL will be completed by the end of this year. With the completion of both these projects, the issue of connectivity will be solved to greater extent. Implementation of CANI-Phase-II by 2025 will ensure connectivity to remote Islands also. As far as the issue of employment is concerned, the IT Department requests the youth and the people in general to make productive use of internet to increase their livelihood, capacity building and learning etc. Nowadays, the facility of online marketing, digital marketing are available which can be done sitting at home. IT related jobs will only be possible when IT City or Software Technology Park is established in A&N Islands. An effort was made during the year 2017-18 during a meeting with NASCOM, an organization of software developers for setting up of the same. After corona, things have changed and big companies like TCS have started working in Hybrid model. However, during a meeting called by Secretary (IT & Electronics), the A&N Administration requested for appointing a Consultant to suggest a feasible model for A&N Islands, considering its geographical location. Apart from this, 104 Common Service Centers has been made functional which provides employment to one or two persons in each CSC. Efforts are on to increase more CSCs in different parts of these Islands. A 16-seater accommodation was also started for startups at Industries Department for IT & IT related services. Before corona, 8 entrepreneurs started working there, but after corona they preferred to work from home. Further, with the inauguration of CANI and better internet services, entrepreneurs started working from home avoiding paying a small amount for the accommodation provided to them with all required and basic facilities. For major employment in IT sector, the Administration is working towards appointing a Consultant for suggesting a hybrid model for setting up an IT City & Software Technology Park in A&N Islands, paving the way for more employment generation, a press release from Department of Information and Technology said.
