Union Health Ministry issues guidelines for hospitals on ICU admissions

Prior consent of patients or their relatives made mandatory

New Delhi, Jan.3 Union Health Ministry has issued guidelines for hospitals on ICU admissions directing them that they cannot admit critically ill patients in the Intensive Care Unit in case of a refusal by them and their relatives. The guidelines for ICU admission and discharge criteria further clarified that requirements for admitting a patient to ICU should be based on organ failure and the need for organ support or in anticipation of deterioration in the medical condition. It said, blood pressure, pulse rate, respiratory rate, breathing pattern, heart rate, oxygen saturation, urine output and neurological status, among other parameters should be monitored in a patient awaiting an ICU bed. The guidelines have been developed by 24 eminent physicians, who have also recommended that critically ill patients should not be admitted to ICU if any disease has a treatment limitation plan. Besides, anyone with a living will or advanced directive against ICU care and also terminally ill patients with a medical judgment of futility should not be admitted to the ICU. It also said that those with low priority criteria in a pandemic or disaster situation, where there is resource limitation should not be admitted to ICU. For ICU discharge criteria, the guideline includes the return of physiological aberrations to near normal or baseline status, reasonable resolution and stability of the acute illness that necessitated ICU admission, and patient/family agreeing for ICU discharge for a treatment-limiting decision or palliative care. A&N Police issues public advisory on Smishing

Port Blair, Jan.3 Cybercriminals send text messages pretending to be from trusted sources to get targets to click on links that install malware or steal personal & banking details. It has been observed that Cyber fraudsters have started duping people in the name of unpaid electricity bill. The fraud campaign is being aggressively spread using SMses. Users tend to be less skeptical of text messages, so Smishing is often lucrative to attackers looking for credentials, banking information, or private data. Fraudster sends text messages (SMSs) to the target phone numbers stating "Your Electricity Power will be disconnected tonight at 9:30 pm because your previous month bill was not updated. Please immediately contact with our electricity officer 9898XXXXXX". Once the victim makes contact with the given fraudster's number, then the fraudster tries to convince victim to share the bank account details for the purposes of verifying previous payments. Spammers use caller ID Spoofing to make it appear the text is from a trusted or local source. The fraudster also asks victim to install remote access application like Anydesk, Team viewer, etc. Once the victim shares all the information and follows the instructions given by the fraudster, the victim's bank account is under the fraudster's control to make fraudulent

ensuring seamless traffic flow and the safety of all road users during these significant occasions.

Removal of abandoned vehicles: Furthering their dedication, the Traffic Unit embarked on a campaign to remove around 80 abandoned vehicles from different parts of Port Blair city. This initiative not only uplifts the city's aesthetics but also mitigates potential traffic hazards.

Traffic Warden Scheme: The successful implementation of the Traffic Warden scheme in schools within the South Andaman district continues to be a pivotal success. This scheme involves training teachers as Traffic Wardens to propagate responsible road behavior among their peers.

Road Agencies: Collaboration with various entities like the Port Blair Municipal Council, Andaman Public Works Department and other road owning agencies resulted in the installation of essential road safety measures, including signage and road medians, fortifying the safety of road users.

Traffic Modernization: The modernization of the Traffic Unit, equipping staff with state-of-the-art gadgets like body-worn cameras, reflective jackets, and breath analyzers, empowers officers to efficiently handle diverse traffic situations.

Enforcement: Additionally, the unit has rigorously enforced laws through special drives against violators, focusing on offenses such as drunken driving, over-speeding, and auto-rickshaw violations. Notably, they've realized fines amounting to Rs. 1,09,59,200/- from 17,105 cases and registered 1,649 drunken driving cases in the past year.

Social Media complaints: The A&N Traffic Unit is actively addressing social media complaints and strategies to address reported issues swiftly and effectively ensuring a safer road environment.

Auto Rickshaw Permit Enforcement: In continuation of ongoing efforts to regulate transportation, a total of 324 significant number of autorickshaw found allowing non-permit holders to ply auto-rickshaws for earning purposes. The list has been forwarded to Transport Deptt. for necessary action. The A&N Traffic Police reaffirms its commitment to crafting a safer and more efficient traffic environment in Port Blair and earnestly urges everyone to abide by traffic rules for the collective well-being of all road users, a press release from SP (Traffic) said.
