

Chief Secretary chairs emergency meeting to review preparedness of A&N Islands in view of depression over Andaman Sea

Directs all stakeholders to be on high alert to deal with any eventuality

Concerned authorities asked to immediately evacuate people from low lying areas to Relief Shelters/ Camps

Port Blair, Mar.18

The Chief Secretary, A&N Administration, Shri Jitendra Narain chaired an emergency meeting this evening to review preparedness of A&N Islands to deal with any eventuality arising due to formation of a well marked low pressure area over South East Bay of Bengal and adjoining South Andaman Sea and its likely intensification into a depression on March 20 and into a cyclonic storm around March 21. During the meeting, the Chief Secretary directed all the stakeholders to be on high alert on March 19, 20, 21 & 22 and ensure that all arrangements are at place in dealing with the situation. He asked the concerned authorities to immediately evacuate people from low

lying areas to the Relief Shelters set up by Directorate of Disaster Management at various parts of the Islands. He said Relief Shelters/ Camps should be set up in Schools besides temporary shelters wherever needed whilst ensuring availability of food, water and other essential facilities. All Officers have been directed to make every effort to ensure safety of all citizens.

The Chief Secretary directed that the Shipping services should be immediately suspended in view of the inclement weather and no fishing boats should be allowed to venture into the sea and also ascertain that the boats are safely anchored. If any fishing vessel is on sea, they should be immediately directed to return to coast and Coast Guard should be alerted in case of any emergency like

situation. Traffic should be restricted on March 19, 20, 21 & 22. He instructed the Disaster Management Department to issue pamphlets regarding cyclone and the dos and don'ts during such situation. Trees should be pruned wherever required.

The Chief Secretary also asked the Disaster Management to function round the clock and ensure maximum publicity of important phone numbers viz. State Control Room and Help Line Numbers and notify the Relief Shelters/ Camps sets up at different parts of the Islands to assist the Islanders in case of any untoward incident.

Self Help Groups may be alerted and asked to be on standby for any help/ assistance, the Chief Secretary said.

SAFETY TIPS ON CYCLONE PREPAREDNESS

(For Cyclone, Heavy Rain, Water Logging, Flash Flood etc.)

- Listen to radio or TV weather reports for warning & advice and be alert.
- Identify safe shelters in your area. These should be cyclone resistant and also find the closest and safe route to reach them.
- All your family members should know the safe routes to nearest shelter/raised pucca buildings.
- Keep your emergency kit and basic food supply, medicines, torch and batteries etc. ready in waterproof bags. Drink preferably boiled water. Keep your food items covered.
- Doors, windows, roof and walls should be strengthened/checked before the cyclone season through retrofitting and repairing. Store adequate foodgrains and water in safe places.
- If your area is flood-prone, consider suitable flood resistant building materials.
- Do not let children and pregnant woman remain empty stomach.
- Put furniture, clothing and valuable items etc. on a higher platform so that they can be shifted safely/easily.
- Do not use electrical appliances, which are in flood water.
- Do not go into water of unknown depth and current.
- Do not allow children to play in, or near flood water.
- Do not venture into the sea if so advised. Stay indoors under the strongest part of the house/ if not moved to the cyclone shelter.
- Remain indoors until informed that weather has improved.
- In case of cyclone alert, do not go out, till officially advised that it is safe. If evacuated, wait till advised to go back. Use the recommended route to return to your home. Do not rush/panic.
- Be careful of broken/uncovered power lines, damaged roads and houses, fallen trees etc.
- Be careful of snakes, as snake bites are common during floods.

DO's & DON'T's OF LIGHTNING SAFETY

DO's	DON'T's
<ul style="list-style-type: none"> Check weather forecast before outdoor activities. Keep ready an Emergency survival kit with important medication, dry foods etc. Postpone outdoor activities and stay inside for at least 30 minutes after you last hear thunder or see lightning. Avoid metal structures and get off elevated areas such as hills, mountains ridges or peaks. If you are caught in an open area, act quickly to remove yourself from danger. Get out of and away from ponds, lakes, and other water bodies. If you are in open place, sit down by closing your ears properly with joint feet. Rubber soled shoes and car tyres do not offer protection from lightning. Keep away from all utility lines and objects that conduct electricity (telephone, power, metal fences, overhead wires, etc. tree and hilltops). Unplug any all electrical/electronic equipment/appliances such as TV, computer, fans etc. and turn off Air Conditioner well before the storm arrives. Use battery operated radio for news updates. Find a house, building or a car with a solid roof. Stay away from broken power lines and report them immediately. Help people who may require special assistance such as infants, children, women and elderly. Provide immediate medical treatment if someone near you have been struck. 	<ul style="list-style-type: none"> Do not go outside during adverse weather especially for working in agriculture field, grazing cattle, fishing and plying boats. Do not take shelter under electric or telephone poles or trees. Do not use metallic items and stay away from bikes. Never use mobile phones during lightning. Do not use umbrellas with iron rods. If you are in forest area, take shelter under small and dwarf trees. Do not lie on concrete/marble floors and do not lean against concrete walls. Avoid contact with electrical equipment or cords. Avoid shower, take a bath, wash dishes or use any other water source. Do not swim or be close to water bodies. Do not go under or near tall trees. Don't lie on the ground.
