nation including Andaman & Nicobar Islands which lasted for nearly 2 years and the running business of all these unemployed youth were shut down for most of these 2 years.

The Member of Parliament added that apart from the above, since March 2022 the maintenance of the airfield of Port Blair airport was started which lasted for 3 months and is now restarting to continue till March 2023 end.

As a result of this, the tourism industry and the associated youths have been under severe financial distress due to dent in business

and those unemployed youths who have taken loans are unable to even pay their EMIS, he added.

He further pointed out that consequently, the interest of such loans has increased manifold, which has now become a severe financial burden on their shoulders.

"The subsidy applied under the MSME scheme by the business youngsters are lying pending in the Directorate of Industries since over 2 years and are under examination. Moreover, it is learnt that the last subsidy was sanctioned several years ago and thereafter no subsidy has been granted to eligible

firms," he mentioned.

Shri. Kuldeep. Rai Sharma added that now a few of the cases who had applied for subsidy under the aforesaid scheme have been cleared by the Sub-committee constituted by the administration and forwarded to the Scrutiny committee under the chairmanship of Secretary (Industries).

Therefore, he requested the Chief Secretary to grant subsidy to all the pending applications on priority and the entitled subsidy as per rules at the earliest so that the loan taken by the applicants can be refunded to the maximum extent.
