compassionate appointment to 5% of total vacancy as per RR

Port Blair, Oct.09: A press release issued by the Administrative Officer on September 13 carrying the list of 100 candidates on the waiting list of compassionate appoint ment has drawn flak from the stakeholders and the social activists as it prescribed 100% to candidates on the waiting list of compassionate appointment.

Social activists allege that, prescribing 100% of vacancy for compassionate candidates amounts to deprival of opportunities to other

unemployed candidates. As such social activists call for filling up the vacant posts from amongst the open by prescribing only 5% of vacancy to compassionate appoint ment. They justify this point on the ground that, many of those waiting on the list of compassionate appoint ment are over-aged and will have less than ten years of residuary service. Further, those on the panel of compassionate appoint ment are already receiving family pension and no longer in penury. Compar ed to them, there are many

unemployed youth who are in very pathetic condition due to lack of employment and survival means. Social Activists appeal to the Municipal Council to recall the list already published by the PBMC and revise the list by restricting the number of candidates to 5% of total vacancy while leaving the rest of vacancy open for candidates from outside. Lets hope the Chairperson and Secretary take cognisance of this matter and do the needful to address the employ ment problems of a section

Has the Father of Nation been neglected?

Skipping the formal observance of Gandhi Jayanti at Mohanpura prompts one to think if the Mahatma has indeed been forgotten

Port Blair, Oct.09: Lifestyle statue of the Father of Nation that stands tall in the middle of Mohanpura opposite to the State Bank of India used to wear a celebra tory look since the last week of September every year as a precursor to the approaching birthday of the Mahatma. A huge pandal was used to be erected in front of the statue well ahead of October 2 by temporarily directing the traffic to go around the pandal. A grand function would be held on the morning of October 2 when Hon'ble Lt. Governor or the Chief Secretary and other

higher authorities of the Admn. accompanied by elected representatives and freedom fighters would attend programme. A prayer meeting would be held with dignitaries spinning the ceremonial charka to pay tribute to Mahatma Gandhi. All these programmes used to mark the Gandhi Jayanti celebration in Port Blair every year. Long COVID: Does your child have persistent coughs or returning fever? Doctor explains COVID may have weakened their lungs

Since the beginning of the pandemic, children were considered less at risk when it came to COVID, especially severe infection. However, doctors are reporting that long COVID is affecting many kids, even if they had a mild illness in the initial infection or were asymptomatic.

We are also seeing a huge number of "persistent coughs, continuous coughs, community acquired pneumonias, bronch opneumonias, stuff that we have never seen before," notes Dr Nihar Parekh, Pediatrician, in his latest Instagram video.

He notes that "kids we never nebulised before are getting nebulis ed now. Kids we never put on inhalers, require persistent inhalers. The cough is still not going & the fevers are coming back. According to the latest research, the cause behind these could be the impact of COVID-19 on our kids' lungs."

On 20th September 2022, a research went online on post COVID effects on the lungs of children. The findings of the study were published in Radiology, a journal of the Radiological Society of North America (RSNA).

The findings show that there is a possibility that our kids, who may have gone

through Delta, Omicron, asymptomatic COVID, major or minor COVID infection, may have been left behind with lung damage & weaker lungs.

The researchers studied COVID-19's effects in children and adolescents (mean age 11 years) using low-field MRI. They looked at changes in lung structure & function in 54 children and adolescents with previous SARS-CoV-2 infection. They noted that of the 54 patients, 29 had fully recovered, and 25 of them had long COVID. All but one of the patients had been unvaccinated at the time of original infection. The study showed that 80% of the children with very mild symptoms through any form of COVID had 60% minor lung involvement.

Dr Amanda Morrow, a Rehabilitation Physician at Kennedy Krieger Institute and an Assistant Professor of Physical Medicine and Rehabilitation at the Johns Hopkins School of Medicine, shared some of the most common long COVID symptoms that children experience. These include: Talking about recovery, Dr Nihar Parekh says, "This is going to take time, because time is the only factor that heals these lungs." However, he

How to Get Thick Eyebrows: Simple Ways To Do

We all know how eyebrows define our face. Earlier, thin eyebrows were on trend. People would trim their eyebrows to achieve pencil-thin, clean, and well-defined brows. But like other trends, beauty trends come and go. Today, thicker eyebrows are again on trend. People are going crazy over thick and well-shaped eyebrows.

They are search ing for tips on how to get thick eyebrows naturally. While some people are relieved that they no longer need to tweeze or wax their thick evebrows. others are concerned about how to restore the shape of the evebrows. In this post, we are going to discuss a few natural remedies on how to make eyebrows look thicker. Keep reading.

There are plenty of options for making your brows look thicker, but the question is, "can you turn your naturally thin eyebrows thicker"? It depends. If you have lost vour evebrow hair due to a medical condition that can be managed with treatment, you can grow back the hair after recovery. Likewise, grooming won't affect your hair thickness. Your brow hair will grow back in a month or two (depending on your hair growth cycle). However, it's hard to make naturally thin eyebrows thicker. It's pretty simple. Each person has a set number of hair follicles at birth. It might differ from person to person.

Experts advise that you should never shave your evebrows, as they might never grow back. There's no magical way to grow your eyebrows thicker overnight. The best you can do is stop tweezing, waxing, and threading your hair so that the brows can grow fully.

Eyebrows get a lot of attention. They highlight your eyes and give you

plenty of options to experiment with different kinds of makeup products. Some ladies rely on parlor techniques to grow their eyebrow hair thicker. While they may work for some, these treatments do not produce lasting results. Besides, as we have mentioned before. no medication or salon treatment can increase the hair follicle count.

THE BULLET OF ANDAMAN

Whether you have naturally thin hair or you have lost them due to grooming or a medical condition, the hair can't grow back overnight. But. a few natural remedies can help speed up the process. Are you also looking for tips on how to grow eyebrows thicker? You have come to the right place. Let's take a look at the 10 simple tips for growing your brows hair thicker naturally.

It's the oldest and the most popular technique getting thicker eyebrows naturally. Castor oil doesn't magically grow your hair, but it nourishes and hydrates your hair follicles, encouraging hair growth. Castor oil is loaded with antioxidants, all the essential vitamins and minerals needed for hair growth, and proteins.

People claim that regular application of castor oil on your hair follicles can speed up hair growth, although there is no clinical evidence proving the benefits of castor oil for eyebrows. Make sure you use the organic castor oil that's extracted using the coldcompressed method. This gives us raw and 100% pure oil, rich in essential nutrients.

- 1. Use a few drops of castor oil on your forehead and massage it gently on your eyebrows.
- 2. Let the oil sit on your eyebrows for 15-30 minutes.
- 3. Take a few drops of coconut oil on a cotton swab & dab it gently on your face to remove the castor oil.
- cold water. Castor oil is safe.

4. Rinse off with

You can apply it regularly to vour evebrows.

One of the reasons your eyebrows get thinner over time is the loss of protein. Hair requires a considerable amount of protein for growth. To retain this protein, people use coconut oil alone or in combination with other <u>protein-rich</u> ingredients. Virgin, coldcompressed coconut oil contains lauric acid, which acts as an antimicrobial agent. This prevents any fungal or bacterial infection on your forehead. Also rich in Vitamin E & anti oxidants, coconut oil is your best bet for getting long, thicker, and healthier eyebrows.

- 1. Take a cotton swab and dip it in the fresh, virgin coconut oil.
- 2. You can keep it for a few minutes or leave it on your brows overnight
- 3. Wash your face with cold water the next morning.

Like castor oil, coconut oil is safe for your eyebrows. You can apply it every day or every 2-3 days.

Rich in vitamins B and C, minerals, and a considerable amount of sulfur, onion juice is often used as a natural remedy

for hair loss. Sulfur boosts the production of collagen, which enhances hair growth. Not only is it good for your scalp, but onion juice works wonders for your eyebrow hair. It promotes thicker and longer hair. It also makes your hair follicles stronger so that your hair doesn't fall. To avoid the pungent odor, it's best to use onion juice with lemon.

- 1 Put one fresh onion in a blender and make a thick paste.
- 2. Collect the juice into a cup.
- 3. Add a few drops of lemon juice.
- 4. Dip a cotton swab in the juice and apply it to your eyebrows using fingers.

5. Let it sit on your evebrows for 20 minutes & wash it off with cold water.

Your eyebrow hair needs protein, and there couldn't be a better source of protein than egg yolk. It also contains a high concentration of biotin, which is another essential ingredient for your hair health. As beneficial as egg yolks are for your hair health, they have a very bad odor.

You can add a few drops of lemon juice to avoid its odor.

- 1. Collect the yolk from the egg white and beat it for a few minutes until you achieve a smooth consistency.
- 2. Add some drops of lemon juice and mix it well.
- 3. Dip a brush in the egg yolk and apply it to your eyebrows.
- 4. Keep it for 10-20 minutes.
- 5. Rinse it with cold water.

Do it once or twice every week or more often if possible.

Aloe Vera is loaded with many nutrients that promote hair growth and prevent hair breakage. It is a great option for people looking to grow their eyebrows thicker naturally. Because

of its non-sticky nature, you can use aloe vera multiple times a day. It's an excellent solution to oily skin problems. It helps you get rid of excess sebum, thus keeping the skin around the forehead clear oil-free & moisturized

- 1. Get a fresh aloe leaf from your garden or the market and peel its outer layer off.
- 2. Extract the gel into a bowl
- 3. Massage it on your eyebrows using your fingers or a brush until it's applied properly. Keep massaging until the gel is absorbed into your hair.
- 4. Leave it for a few minutes before rinsing it off.

Aloe vera is rich in aloenin, an essential compound for your hair health. People claim that regular application of fresh aloe vera gel can help grow your eyebrows thicker and stronger.

Lemon is another natural ingredient that promotes healthier brows. It contains Vitamins B and C, folic acid, and other essential compounds for your hair health. Before you try lemon for your eyebrows, note that there is no scientific study that proves that lemon grows your eyebrows thicker. However, it does keep the oil out of your face and cleanse your skin, which in turn enables more oxygen reaching your hair follicles.

- 1. Take a lemon and cut it into two pieces.
- 2. Rub the half slice on your eyebrows and let it sit for 5 minutes.
- 3. Wash your brows with warm water.
- 4. You can mix lemon with coconut oil as well.

Don't let lemon sit on your brows for longer. as its bleaching properties can lighten the color of your brow color Also lemon doesn't suit every skin type. Test a small patch of your skin with lemon. Avoid this remedy if the skin irritates.

MP takes up issues of Industrial Employees of Department of Environment and Forests A&N Administration

The Member of Parliament of A&N Islands, Shri. Kuldeep Rai Sharma has taken up several grievanc es of the Mazdoor of the department of environment and forest of A&NAdmn. with the Principal Chief Conservator of Forests, A&N Administrat ion for an early settlement.

The issues are as follows: 1. Cadre manage ment of industrial employees by invoking conducts and disciplinary proceedings.

(a) That, it has been brought to the notice by the Andaman Forest Employees Unions' of different forest divisions of the department of environ ment and forests of A&N Admn affiliated with the INTUC that the conduct of the Mazdoor on regular industrial establishment working in various forest divisions of the forest department are being controlled by invoking the provisions contained under the industrial standing orders certified under section 5 (3) of the industrial employment (Standing orders) Act, 1946 with necessary notification (s) under section 5(2) of the said act. The existing certified standing orders being referred/quoted in the service matters of the regular Mazdoor and other similar cadres have been notified between 1970 & 1976.

(b) That, while accepting the recommen dations of the report of 6th CPC the Ministry of Personnel, Public grievances and Pension, Department of Personnel and Training GOI has been pleased to issue office memorandum vide No.AB-14017/6/2009-Estt(RR) dated 30.04.2010 and formulated model recruitment rule for group 'C' posts in pay band-1 with grade pay Rs1800/- (prerevised group 'D' posts) According to the said memorandum all the group 'D' posts have been placed in group 'C' pay band -1 with grade pay of Rs.1800/-. The minimum qualification for appointment to the above pay level- will be either 10th pass or ITI equivalent, as per the memorandum issued by the Ministry. The Mazdoor appointed and working in the forest department and do not possess the required qualification prior to the approval of 6th CPC has undergone prescribed training/classes to amend the existing RR of Mazdoor and other categories of employees promoted from the post of Mazdoor considering seniority and merit of trade test etc. On their passing the training and tests their pay has been upgraded and fixed under Pay band-1 with grade pay of Rs.1800/- as per the recommendations of the 6th CPC. & brought them to the category of group 'C' employees.

THE BULLET OF ANDAMAN

(c) That, after 6th CPC all the appointments of Mazdoor are made and their pay have been fixed under the provisions of FR&SR & pension cases are settled under CCS (Pension) Rules,1972 including leave encash ment on retirement. The Mazdoor of the forest department is subscribing to the GPF under CCS (GPF) Rules, 1960. Whereas only in the matter(s) of conduct and disciplinary proceedings the industrial employees standing orders are followed, which have been certified and notified during the year 1970s.

(d) That, the article 311 of the constitution of India has quaranteed protection to the govt. employees & a reasonable opportunity of being heard in respect of the charges/ allegations levelled against the employee to be given. Whereas the provisions have been given in the certified standing orders of all the forest divisions in the matter of conduct and disciplinary proceedings under sub-head "proceed ings for disciplinary procee

dings/enquires" do not have ample opportunities as guaranteed by the consti tution of India to a govern ment employee/servant.

(e) That, since the categories of industrial employees and similar cadres of the forest department working under the functional & nonfunctio nal forest divisions (13 divisions) have been upgraded from group D" to group "C" as per the decision taken by the GOI in the 6th CPC report subsequently and their service matters are dealt and considered treating them as group "C" employees except the conduct and disciplinary proceedings as stated

- (f) That, therefore, it is necessary to take action at your end to substitute the existing "certified standing orders" of all forest divisions with the CCS (Conduct) Rules, 1964 & CCS (CCA) Rules. 1965 so that the employees shall get appropriate justice in settling their service matters
- 2. Filing up of vacant posts of forest divisions.
- (a) That, applicat ions were invited from the eligible local youths of A&N Islands to fill up 112 vacant posts of regular Mazdoor on industrial establishment of the South Andaman Forest Division during the year 2014.Accordingly a numbers of applications have been submitted by the unemployed and penurious candidates, but the follow-up action in this matter is under pending finalization with the competent authorities since 2014. In a meeting of the Andaman Forest **Employees Union South** Andaman held on 11.09.2022 at Wimberly guni it was informed that between 2014 and 2022 about 43 posts of Mazdoor on regular industrial establishment have fallen vacant due to superan nuation retirements. Now

the number of posts of subscriptions under the regular Mazdoor lying vacant in South Andaman forest division is 155, apart from this the posts of Cook and safaiwala of Mount Harriet Guest house is also lying vacant

(b) That, similarly the position of vacant posts of Mazdoor on regular industrial establishment in Baratang forest Division is 36, Middle Andaman Division is 136, Maya bunder Division is 95 posts, Nicobar division(Campbell bay) is 92 posts, Diglipur Division is 71 posts and WildLife Division Port Blair is 63 posts. Appointment/ recruitments of Mazdoor on regular industrial establish ment is to be centralized. That, if the appoint

ment/ recruitments of all posts lying vacant in different forest divisions are centralized the delay to fill up the vacant posts of Mazdoor and other similar posts could be evaded The appointments on compassionate grounds and handicap quota etc. are being done by the office of Principal Chief Conservator of Forests A&N Islands and the selected candidates are being sent to the respective forest divisions (employers) to join there. The recruit ment to the posts of MTS vacant/created in the Forest department are also made by the A&N admn, by the centralized procedures & the selected candidates are being directed to different departments of the A&N Admn. including forest department. Therefore the recruitment to the vacant post of Mazdoor on regular industrial establishment of different functional and nonfunctional forest divisions (13 divisions) of department of environment and forests A&N Admn. is to be centralized

3. Enhancement of wages at the rate of 1/ 30th on minimum relevant pay level to the DRMs on continuous service of forest division Little Andaman and

scheme of E.P.F

(a) That, in order to undertake the post tsunami operations/rehabilitation works entrusted by the A&NAdmn.inLittleAndaman Island about 45 Mazdoor on daily wages were appoint ed and engaged by the Divisional forest officer Little Andaman with effect from 24.10.2005.In the process of appointment to the post of Mazdoor on regular establishment undertaken by the DFO Little Andaman the cases of 20 DRMs were consider ed for regular appointment out of the 45 DRM engaged during the year 2005. ஆனால் கினந் தோறும் செடிக்கு தண்ணீர் மட்டும் ஊ ற் று வ தை நிறுத்தவே இல்லை. தன் _ தொட்டியில் செடி வளர வில்லை என்று அலுவலகத் தில் யாரிடமும் அவர் சொல்லவும் இல்லை. ஒரு வருடம் முடிந்து விட்டது. எல்லோரும் தொட்டிகளை முதலாளியிடம் காட்டுவதற்காக எடுத்து வந்தார்கள். ராமகிருஷ்ணன் தன் மனைவி யிடம்: காலி தொட்டியை நான் எடுத்து போக மாட்டேன் எனக்க வெட்கமாக இருக்கிறது என்று சொன்னார். அவர் மனைவி அவரை சமாகானப்படுக்கி சொன்னார்:

நீங்கள் ஒரு வருடம் முழுக்க உங்கள் முதலாளி சொன்ன மாதிரிதானே செய்தீர்கள் செடி வளராத தற்கு நீங்கள் வருந்த வேண்டியதில்லை. அதற்கு நீங்கள் காரணமும் அல்ல. நேர்மையாக நடந்து கொள்ளுங்கள் தொட்டியை எடுத்து சென்று முதலாளியிடம் காட்டுங்கள் என்றாள்.

ராமகிருஷ்ணன் காலி தொட்டியை அலுவலகத்திற்கு எடுத்து சென்றார். எல்லோரும் தொட்டிகளை அவர் கண் முன்னே கொண்டு சென்றார் கள். விதவிதமான செடிகள் ஒவ்வொன்றும் ஒவ்வொகு உயரத்தில் இருந்தன. பல்வேறு விதமான பூக்கள் அவை களில் பூத்துக் குலுங்கின். ராமகிருஷ்ணன் தொட்டியை பார்த்த அனை வரும் சிரிக்க ஆரம்பித்தனர்.

முதலாளி எல்லாரை யும் தன்னுடைய அறைக்கு வரு மாறு அழை த் தார் . எல்லாருடைய செடியையும் பார்வை இட்டார். அருமை. எல்லாரும் செம்மையாக செடியை வளர்த்து உள்ளீர் கள். உங்களில் யாரோ ஒருவர் தான் இன்று பொறுப்பு ஏற்றுக் கொள்ளப் போகின்றீர்கள் என்றார்.

ராமகிருஷ்ணன் கடைசி வரிசையில் நின்றி ருந்தார். அவரை அருகே வருமாறு அழைத்தார். முதலாளி தண்ணை வேலை யை விட்டு நீக்கத்தான் கூப்பிடுகிறார் என்று எண்ணி பயந்து கொண்டே சென்றார் ராமகிருஷ்ணன். முதலாளி ராமகிருஷ்ணன் உங்கள் செடி எங்கே? என்று கேட்டார். ஒரு வருடமாக அந்த விதையை நட்டு உரமிட்டு தண்ணீர் விட்டதை விலாவாரியாக எடுத்துச் சொன்னார் ராமகிருஷ்ணன்.

முதலாளி ராம கிருஷ்ணனை தவிர அனைவரையும் உட்காருமாறு கூறினார்.

பிறகு ராமகிருஷ்ணன் தோளில் கையை போட்டுக் கொண்டு நமது கம்பெனியின் நிர்வாகத்தை ஏற்று நடத்தப் போகிறவர் இவர் தான் என்றார். ராமகிருஷ்ணனுக்கு ஒரே அதிர்ச்சி...

தன் தொட்டியில் செடி வளரவே இல்லையே! பிறகு ஏன் நமக்கு இந்த பொறுப்பை கொடுக்கிறார்? என்று குழம்பிப்போனார். முதலாளி பேச ஆரம்பித்தார்: சென்ற வருடம் நான் உங்களிடம் ஆளுக்கு ஒரு விதை கொடுத்து வளர்க்க சொன்னேன் அல்லவா? அது அனைத்தும் அவிக்கப் பட்ட விதைகள் (Boiled seeds).

அந்த விதைகள் அவிக்கப்பட்டதால் அது முளைக்க இயலாது. அவை அனைத்துமே முளைக்கும் தன்மையை இழந்துவிட்டது. நீங்கள் அனைவரும்

நான் கொடுத்த விதை முளைக்காததால் அதற்கு பதில் வேறு ஒரு விதையை நட்டு வளர்த்து கொண்டு வந்திருக்கின் நீர்கள். ராமகிருஷ்ணன் மட்டுமே நேர்மையாக நடந்து கொண்டார்.

ஆகவே அவரே என் நிறுவனத்தை நிர்வகிக்க ககுதியானவர் என்றார்.

நாம் சொல்லும் சொல்,நாம் பயணிக்கும் பாதை, நேர்மையாக இருந்தால் மட்டும் போதும், வெற்றிகள் நம்மைத் தேடி ஓடி வரும். வாழ்க்கையில் நேர்மையாக இருக்க முயல்வதும் ஒரு போராட்டம்தான். அதில் வெற்றி பெறுவதுதான உண்மையான வெற்றி.

உண் மையும், தர்மத்தை பாது காக்கும். நேர்மை ஒருபோதும் வீண் போகாது. நேர்மை வைறையும் பணமும் தானாக உங்களை தேடி ஓடி வரும். புகழ் வர வேண்டாம். ஏனெனில், அந்த புகமுக்கு உரியவன் இறைவன் ஒருவன் மட்டுமே! வாழ்க்கையில் விவேகம் இருந்தால் விண்ணையும்தொட முடியும்.

சிறுகதை:நேர்மை....

ஒரு மிகப்பெரிய நிறுவனத்தின் முதலாளிக்கு வயதாகி விட்டதால் அவர் தம் நிறுவனத்தின் பொறுப்பை அவரிடம் வேலை செய்யும் ஒரு திறமையானவரிடம், நேர்மையானவரிடம், உண்மையாளிடம் ஒப்படைக்க முடிவு செய்தார். எல்லா ஊழியர்களையும் தன் அறைக்கு வருமாறு கட்டளை இட்டார். அனைவரம் ஆர்வத்துடன் வந்திருந்தனர். முதலாளி பேச

முதலாள் பேச ஆரம்பித்தார்: அன்புள்ள ஊழியர்களே என்னுடைய ஓய்வுக்குப்பின் உங்களில் ஒருவர்தான் என்னுடைய இந்த நிறுவனத்தின் பொறுப்பை ஏற்க வேண்டும். அதனால் உங்களுக்கு நான் ஒரு போட்டி வைக்கப் போகிறேன். யார் வெற்றி யடைகின்றார்களோ, அவர் தான் நம் நிறுவனத்தின் அடுத்த மேலாளர் என்றார். இப்போது என் கையில் யலதரப்பட்ட பல வகைகளை சார்ந்த ஏராளமான விதைகள் இருக்கின்றன. யாருக்கு எந்த விதை வகும் என எனக்கே

இதை உங்களிடம் ஆளுக்கு ஒன் றாக கொடுப்பேன். இதை நீங்கள் உங்கள் வீட்டில் ஒரு தொட்டி யில் நட்டு, உரம் இட்டு, தண்ணீர் ஊற்றி, நன்றாக வளர்த்து அடுத்த வருடம் இதே நாளில் என்னிடம் எடுக்கு வந்து காட்ட வேண்டும். யாருடைய செடி நன்றாக உயரமாக, போஷாக் காக, வளர்ந்து இருக்கிறதோ அவரே என் கம்பெனியின் பொறுப்பை ஏற்க வேண்டும் என்றார். அனைவரும் ஆளுக்கு ஒரு விதை வாங்கிச் கம்பெனியில் வேலை செய்யும் ராம கிருஷ்ணனுக்கும் ஒரு விதை கிடைத்தது. அவர் ஆர்வத்துடன் அதை வாங்கி சென்றார். தன் மனைவியிடம் போய் முதலாளி சொன்ன அனைத்தையும் அப்படியே சொன்னார். அவன் மனைவி தொட்டியும் , உரமும் , தண்ணீரும் எடுத்து அவருக்கு கொடுத்து, அந்த விதையை நடுவதற்கு உதவி செய்தாள் . ஒரு வாரம் கழிந்தது.

அந்க

ஒரு வாரம் கழுந்தது. நிறுவனத்தில் இருக்கும் அனைவரும் தங்கள் தொட்டியில் செடி வளர் ஆரம்பித்து விட்டது என்று பேசிக் கொள்ள ஆரம்பித்தனர். ஆனால் ராமகிருஷ்ணன்னின் தொட்டியில் செடி இன்னும் வளரவே ஆரம்பிக்கவில்லை.

ஒரு மாதம் ஆனது ம்ஹூம்.. செடி வளரவே வெற்றி வந்தால் பணிவு அவசியம், தோல்வி வந்தால் பொறுமை அவசியம், எதிர்ப்பு வந்தால் துணிவு அவசியம், எது வந்தாலும் நம்பிக்கை அவசியம்

Is Rahul Gandhi's Bharat Jodo Yatra building bridges?

A touch can evoke an outpouring of emotions, open floodgates of tears or bring a beaming smile on the faces. Rahul Gandhi's touch apparently did exactly that as his party's Bharat Jodo Yatra seems to have resonated with the masses and spawned raw feelings.

Go to any social media platform and you will find it replete with videos and photos where Rahul Gandhis fan base mostly his popularity with the kids & the womenfolk become visibly pronounc ed. Be it a child giving a peck on the Congress leaders cheek or an elderly woman weeping while resting her head on his chest. Images of the down-to-earth leader tving a strap to a girls sandal or hugging a senior citizen as she walks along with him have also apparently struck the right chord.

"I could walk a thousand miles for a moment like this," Rahul tweeted with a photo of a girl child covering her face with her palms as the Gandhi icon holds her in his lap. Theres also one in which Rahul carries a little one on his shoulders. Have you seen a leader doing that for some time now?

baby, a girl going berserk and breaking the security just to be with Rahul and Sonia Gandhi, a girl holding a poster which reads "We walk for Ankita, Bilkis, Asifa and the unnamed girls of Hathras and Unnao". All this and much more is happening at the Bharat Jodo Yatra which began on Sept. 7, and will cover 3,570 km from Kanyakumari to Kashmir over a span of five months.

Some of it does look a bit PRish. And little wonder then that amid the fanfare comes a demand from the National Commission for Protection of Child Rights (NCPR), the apex child rights body, to initiate probe into complaint that kids are being "used as political tools" in the Bharat Jodo Yatra. The NCPR letter is currently with the Election Commission. The NCPR has taken of kilometres away. Every year, cyber criminals hack into the servers of govern ment and businesses and get away with hundreds of crores of rupees virtually. Concluding his speech, the SP called upon the Councillors to work together & create aware ness among the masses on the threat of cyber crime.

Such a pitiable state prevailing in these Islands is something which should not happen even with one's enemies. While the entire world is celebrating the Mahatma, the Administration has deliberately skipped a usual function to pay tribute to the Mahatma. Tributes were paid by Admn. even during pandemic and what prompted the Administration to neglect the Mahatma is a million dollar question, civil society questions.

Parents should head to the doctor if their child's symptoms don't improve or if they develop new symptoms within one month of their initial COVID infection. As for recovery from long COVID, Dr. Amanda Morrow notes that guidance for long COVID in adults cannot be automatically used for pediatric patients.
