Presentation on proposed model for financing of Deep Sea Fishing Vessels through SPV Model held

CS directs Departments of Fisheries & Cooperative, fisher representatives & fish traders to propagate the scheme among fisher community across Isles for larger coverage

Port Blair, Aug 5

During the weekly meeting of Fisheries Department held under the Chairmanship of the Chief Secretary, A&N Administration, Shri Keshav Chandra, IAS, in the Conference Hall of Secretariat today, a presentation was made by Managing Director, S a g a r m a l a D e v e l o p m e n t Company Ltd (A Govt of India Enterprise), Shri Dilip Kumar Gupta, on the proposed model for financing of Deep Sea Fishing Vessels through Special Purpose Vehicle (SPV) Model.

The Chief Secretary remarked that since the SPV Model is on a cluster based approach, the Islands'

fishermen co-operative societies and groups of active fishermen must come forward to avail the benefit considering vast resource availability in our EEZ and no financial burden or collateral in acquiring the vessel. The Chief Secretary directed Fisheries Department, cooperative Department as well as the fisher representatives and fish traders to propagate the scheme among the fisher community all across the Island for larger coverage. Senior officers of the Administration, fisher representatives and few interested entrepreneurs participated in the discussion.

In his presentation Shri Dilip Kumar Gupta informed that Ministry of Fisheries, Animal Husbandry and Dairying, Govt. of India and S a g a r m a l a D e v e l o p m e n t Company Ltd are working together to introduce Deep Sea Fishing vessel in the country through SPV model. Under 'Pradhan Mantri Matsya Sampada Yojana', fisherman is required to provide his contribution of 60%-40% for Procurement of Deep-

Chief Secretary holds review meeting with tourism stakeholders

Administration prioritizing tourism sector; policies for various tourism activities formulated

Port Blair, Aug. 5

With a view to take stock of various tourism developmental initiatives and ongoing projects in the A&N Islands, a review meeting was held with the tourism stakeholders under the Chairmanship of the Chief Secretary, A&N Administration, Shri Keshav Chandra, IAS, in the Conference Hall of Secretariat here today.

The A&N Administration is prioritizing tourism sector and review meetings on tourism related matters are being held since February 2023 under the Chairmanship of the Chief Secretary, A&N Administration, to further boost tourism in these Islands.

Tourism Department has formulated policies for various tourism activities i.e. Caravan Tourism, House Boat Tourism, Bird Watching, Beach Shacks, Luxury Tents which will be placed on public domain for inviting comments/suggestions from various Departments, tourism stakeholders and general public before final approval & notification of these policies.

The Administration is also planning to open up new Islands for tourism and as part of this, Cinque Island is being considered to be opened for general public & tourists for day tourism.

In addition to these, other proposals like Blue Flag Certification of 5 selected beaches, Inter Island Cruise Tourism, Simplification of IV Rules, Relaxation of dry days, International air connectivity, improvement of beach amenities and facilities, Sea Plane connectivity to Swaraj Dweep, Shaheed Dweep and Long Island, improvement of facilities and amenities at various jetties & wharves etc were also deliberated upon in detail for early implementation of the same, a press release from the Director, Tourism said.

NHA extends Digital Health Incentives Scheme till 31 Dec 2023

New Delhi, Aug 5

The National Health Authority (NHA) has announced the extension of its Digital Health Incentives Scheme (DHIS) under the Ayushman Bharat Digital Mission till the 31st of December this year. The Union Health Ministry said, the scheme offers incentives of up to four crore rupees based on the number of digital health records created and linked to Ayushman Bharat Health Account numbers of the patients. Under the scheme, incentives are provided to hospitals and diagnostic labs and to the providers of digital health solutions. The DHIS was launched in January this year.

The Ministry said, the scheme proved to be a significant catalyst in promoting the adoption of

Govt allocates Rs 1,39,579 crore to extend Bharat Net in 6.40 lakh villages

New Delhi, Aug 5

The government has allocated 1,39,579 crore rupees to extend Bharat Net in 6.40 lakh villages across the country. The Communications Ministry said that the extension project of the Bharat Net will be achieved in nearly two year. The Ministry said that the extension project has been decided after the success of a pilot project in 60,000 Gram Panchayat villages across the country in 8 months. The Ministry highlighted that the Bharat Net has reached 1.94 lakh villages during the pilot project and 5.67 lakh households have active Bharat Net connections so far. The Ministry added that the extension program will also provide nearly 2.50 lakh jobs.

Indian women's compound team wins India's first-ever Gold medal in Berlin

New Delhi, Aug 5
The Indian women's team created history when the trio of V. Jyothi Surekha, Aditi Swami, and Parneet Kaur clinched their first-ever gold medal in the World Archery Championships in Berlin on 4th Aug 2023.
In Archery, the Indian women's team created history when the trio of V. Jyothi Surekha, Aditi Swami, and Parneet Kaur clinched their first-ever gold medal in the World Archery Championships in Berlin 4th Aug 2023. The team recorded a convincing 235-229 victory over top-ranked Mexico in the compound women's team final. The second-placed Indian side, shot consistently to win all four ends and secure the title. Indian archers, who have bagged World under-21 and under-18 titles, had never won a World crown at the elite level.

Presentation on proposed model for financing of Deep Sea Fishing Vessels through SPV Model held...

(Contd. from page 1)
Sea Fishing Vessel (DSFV). He also informed that the cost of a modern DSFV is roughly around Rs.2.0 crore which includes fisherman's contribution of about Rs. 1.2 crores. However, a fisherman neither has cash of Rs. 1.2 crore nor he gets a loan of this amount from the bank at competitive rate because of several reasons. Hence the benefits of the scheme for Vessel have not reached a large section of fishermen community yet.
To begin with, he informed that it will be a pilot project with initial Project cost of Rs. 100 crores for funding of 50 fishing vessels. 40% will be cash subsidy from Central and State Governments. Balance 60% will be from SPV wherein the equity will be shared equally between SDCL and SPV partner. Fishermen need not pay a single penny in the beginning. It is also proposed that SPV will take loans from Commercial banks to reduce the burden of equity from SPV partners. The vessels will be provided only to eligible fishermen. The price of catch shall be ascertained through price discovery mechanism through competitive bidding. The contract will be awarded to the highest bidder i.e. H1 bidder. The Processing Plant Owner will be selected for a long term period of 5 years and would have to submit a BG of Rs. 5-6 crores. In case, the Processing Plant Owner fails in his commitment to pay to fishermen as per the agreed schedule, the BG would be encashed and payment shall be made to fishermen. Price variation of the catch being paid to fishermen will be reviewed half-yearly and will be linked to some index like WPI in consultation with the Department of Fisheries, Processing plant owners and Fishermen Association. The Processing Plant Owner(s) shall own, operate and maintain Mother Vessels (can be financed through SPV for 5 years) that would shuttle and collect the fresh catch within 24 hours from fishermen while they are still at deep sea. Two Mother vessels may be deployed to service a cluster of 25 baby vessels for replenishment of supplies, facilitating crew exchange etc.The capacity of baby vessel will be around 15-20 tonnes with reefer storage of around 5 tonnes and that of the Mother vessel will be around 150-200 tonnes.
SPV will arrange for vessel maintenance, vessel insurance and training to fishermen on catch handling and vessel operations through third party. The monthly lease charges payable by fishermen will include Vessel Cost, Comprehensive Maintenance cost and Comprehensive Insurance cost and Training cost.SPV will provide initial operational expense (upto Rs. 8 lakhs) covering bunker fuel, lube oil and supplies for the first voyage. This will be adjusted in the monthly lease charges and the impact will be marginal. The proposed vessel will also be equipped with reefer container, slurry pass tank, dampening arrangement in the reefer container, solar equipped for efficient energy use and Hygienic & comfortable beds for fisherman.
He also interacted with the stakeholders and explained how this model will enhance employment generation in the islands, uplift the standard of living of the fisherman, increase the export earning, maritime security and overall coastal community development.
Earlier an interaction was also held with fisher representatives, fish traders and local entrepreneurs by the Managing Director, SDCL, in the presence of Shri G Sudhakar, IAS, Secretary (Fisheries) on 04/08/23 get their feedback and suggestions for implementation of the scheme in the Islands, a press release from Fisheries Deptt. said.

Shri Lal urged the students to save water and requested them to keep away from alcohol and drugs. Teacher-in-charge, Ms Baby Nazrana accompanied the SBM Ambassador during the visit, a press release received from Ambassador SBM here said.

Aditi Swami creates history by becoming 1st-ever Indian to clinch individual World Title

Berlin, Aug 05
Aditi Swami created history on Saturday by becoming the first-ever Indian to clinch the individual World Title at the World Archery Championships final in Berlin. Less than two months after clinching the junior world title, 17-year-old Aditi, became the senior world champion when she defeated Andrea Becerra of Mexico, 149-147 in the summit clash of the compound women's event. With the win, the Satara teenager became the first Indian world champion in an individual event at the Senior World Championships.
Earlier in the day, Aditi ousted her 'idol' Jyothi Surekha Vennam 149-145 in an all-Indian semifinal. Jyothi, however, went on to win a bronze medal when she shot a perfect 150 to defeat Ipek Tomruk of Turkey by four points in the third-place play-off.
Yesterday, Aditi along with Parneet Kaur and Jyothi Surekha Vennam secured India's first-ever gold at World Archery Championships by winning the compound women's team final.

ANDAMAN & NICOBAR POLICE- PUBLIC ADVISORY

With the increasing use of Digital Payment Systems, A&N Islands has also witnessed a sharp increase in digital payment frauds. Cyber fraudsters are finding new methods to dupe vulnerable and unsuspecting citizens. With an aim to prevent financial losses to the general public through online frauds, Andaman & Nicobar Police once again appeals to public to take following precautions:

1. Never share your Banking password, OTP (one time password) or Debit/Credit Card details with others.
2. Never scan QR Code, when you are to receive money. It is only required for transferring money to other accounts.
3. Beware of phishing scams trying to steal your Banking or UPI information. Look out for fake emails and websites that try to collect information and do not click on unknown/unfamiliar links.
4. Always use familiar websites for online shopping rather than shopping by searching products on search engines. Search results can be misleading and may lead to malicious websites.
5. Ignore advertisements/deals, if they claim that you can earn money with little or no work or you can make money on an investment with little or no risk. If an offer seems too good to be true, it is most likely to be a scam.
6. Beware of fake loan apps that provide quick and easy loans. Such illegal apps will seek a variety of information and permissions from applicants, which is then misused to blackmail them later. If using digital loan app, please ensure that it has RBI authorization.
7. Beware of fraudsters, who impersonate as army/police personnel advertising cheap items online.
8. We urge citizens to exercise extreme caution, while conducting financial transactions online. If you are a victim of financial fraud, call Cyber Helpline 1930 or register your complaints on www.cybercrime.gov.in.
9. **STEP BY STEP GUIDE ON REGISTRATION OF COMPLAINT AT www.cybercrime.gov.in:**
10. 1. Go to the website "www.cybercrime.gov.in" through any mobile or computer browser (Google, Safari, etc.)
11. 2. There will be two red boxes. Select the box titled 'File a complaint'.
12. 3. Click on the 'I Accept' box that comes up.
13. 4. Click on 'Report Cyber Crime'.
14. 5. On the new page that comes up, first click on 'Click here for new user' on the top right and fill up the form.
15. 6. After logging into your account, register your complaint. Select the cybercrime category that pertains to you.
16. 7. If you were duped of money through an online transaction, select 'Online Financial Fraud'
17. 8. Enter details of the bank account from which money was sent.
18. 9. If payment was done through UPI, select the UPI app (BHIM, GPay, Paytm, etc) which you used to send money.
19. 10. Enter the transaction ID of where you sent the money.
20. Note: Transaction IDs are of 12 digits. They can be obtained from your bank statement or your UPI transaction details received through SMS.
21. 11. If your account had been credited without your knowledge, enter the relevant details on 'Credit Transaction details'.
22. 12. After having entered all details as required, select 'Save as draft and Next'.
23. 13. On the next page, enter details of the fraudster if you are aware. Then click on 'Save as draft and Next'.
24. 14. On the next page, enter the complainant/victim's details and then click on 'Save as draft and Next'.
25. 15. Lastly, click on 'I Agree' and then 'Confirm and Submit'.

After this has been completed, you will receive an SMS with an acknowledgement number through which you will be able to keep track of your case. Assistance of Cyber Cell (CID) may be taken, in case of any need, over Ph No. 03192-230668 & 8900910411.

Superintendent of Police (CID)
Andaman & Nicobar Islands

OFFICE OF THE DEPUTY COMMISSIONER
SOUTH ANDAMAN DISTRICT
NOTIFICATION

Port Blair, dated the 02nd August,2023

F.No.01/ACS/Quarry/SA/TS-II/2023-24/1078 - WHEREAS, in pursuance of Rule 15(1) of the Andaman and Nicobar Islands Minor Minerals Rules, 2012, A Committee was constituted vide Notification No.132/2015/F.No.34-738/2012-Rev(PF) dated 03rd August, 2015 for preparing Quarry Plan for the area(s) identified for quarrying under the provisions of the Rules.

AND, WHEREAS, the Committee after due examination, finalized a quarry plan at Brookshabad, Port Blair.

NOW, THEREFORE, in exercise of the power conferred under Rule 5 read with Rule 16 of the Andaman and Nicobar Islands Minor Minerals Rules, 2012, the Officer authorized by Lt. Governor to be competent to approve quarry plan i.e., the Deputy Commissioner (South Andaman), hereby approves the quarry plan containing the location, site plan, progressive and final closure plan, reclamation and restoration plan including specific guidelines for source-wise pollution control measures to be followed for quarry operations in South Andaman District as under:

QUARRY PLAN

A.BACKGROUND

The Andaman & Nicobar Islands Minor Mineral Rules, 2012 was notified on 20th September, 2012. In pursuance of Rule 6, contiguous areas for quarrying, having due regard to the restrictions mentioned in Rule 4, general topography and environmental aspects, was identified at Brookshabad village in Port Blair Tehsil. It got approval of Hon'ble Lt. Governor A&N Islands which was conveyed to Deputy Commissioner, South Andaman vide letter no. 34-738/2012-Rev dt:11.10.2012.

An area of 3.00 hectares was identified at Brookshabad village for conduct of quarrying by use of explosives and another area of 1.64 hectares was also identified at Brookshabad village for conduct of quarrying without use of explosives.

The Hon'ble Lt. Governor, A & N Islands, in pursuance of Rule 15 and Section 5(b) of the Andaman and Nicobar Islands Minor Minerals Rule, 2012 read with Administration's Order No.312 dated 30/01/2015 and in supersession of Administration's Notification No.4-2/19-R/Quarry/PF-I dated 09/10/2012 notified the following committee vide notification dated 03/08/2015 for South Andaman District for preparing quarry plan for the area(s) identified for quarrying under Rule 6 of the said rules:-

1	The Assistant Commissioner (HQ)	Chairman
2	Representatives of Health Department as nominated by Director, Health Service	Member
3	Representatives of APWD as nominated by Chief Engineer, APWD, Port Blair	Member
4	Representatives of Forest Department as nominated by PCCF	Member
5	The Assistant Commissioner (Settlement)	Convener

The above Committee has been assigned the task of preparing quarry plan(s) for South Andaman District, which shall include for each identified area outer boundary, potential for extraction or crushing, progressive and final closure plan of quarry, plans for reclamation and restoration of land, measures for pollution control, responsibility of the quarry lease holder and any other matter that the committee may decide. The plan shall also include the cost of preparation of such plan or plans to be apportioned amongst the lease holders of quarries established on such area in such a manner as the committee may decide.

The Assistant Conservator of Forest was nominated as member of the Committee by PCCF, Research Office was nominated by Director of Health Services as member of the Committee and Executive Engineer, SAD, APWD was nominated as member of the Committee by Chief Engineer, APWD.

The Committee held its meeting on 14.03.2023 at 04.30PM, the Chairman informed about the urgency in preparing the quarry plan for the areas identified at Brookshabad village for quarrying

The committee again convened its meeting on 17.03.2023 at 04.30 pm and presented a draft quarry site map of the area before the committee for its perusal and decided to re-verify the sites located in terms of general restriction of quarry operation contained in rule-4 of ANIMMR-2012. The committee convened another meeting on 20.03.2023 at 04.30 pm and presented the site map of quarry and a draft quarry plan and after discussion it is decided to obtain report from the concerned revenue field staff as the portion of land proposed for quarry sites located is free from all encumbrance.

The Committee met on 21.03.2023 at 04.30pm and perused the report of the field staff, the quarry site map and after deliberation and making such modifications as deemed fit the quarry plan has been finalized .

B.LOCATION

(i) An area of 3.00 hectares was identified at Brookshabad village for conduct of quarrying by use of explosives.

- An area measuring 3.00 hectares has been identified out of the land bearing Sy. No. 1/P area 82.99hectare situated at Brookshabad village recorded in favour of Govt. Revenue Department(the area is shown in the map at page10 of the plan).
- The subject land is free from all encumbrances and the area includes the sites from where quarrying operations were being undertaken earlier.
- The details of area identified are as under:-

Sl. NO.	Name of Block	Sy. No.	Area in Hect.
1.	B	1	3.00
	Total		3.00

- The selected area satisfies the restrictions mentioned in Rule 4 and is more than 500 meters from any Educational Institution, Health Institution or a residential area and is also more than 500 meters away from HTL.
- The outer boundary of the identified quarry area is as shown in the map at page10of the plan.
- (ii) An area of 1.64 hectares was identified at Brookshabad village for conduct of quarrying without use of explosives.
- An area measuring 1.64 hectares has been identified out of the land bearing Sy. No. 1/P area 82.99 hectare situated at Brookshabad village recorded in favour of Govt. Revenue Department(the area is shown in the map at page10 of the plan).
- The subject land is free from all encumbrances and the area includes the sites from where quarrying operations were being undertaken earlier.
- The details of area identified are as under:-

Sl. NO.	Name of Block	Sy. No.	Area in Hect.
1.	A	1	1.64
	Total		1.64

- The selected area satisfies the restrictions mentioned in Rule 4 and is more than 200 meters from any Educational Institution, Health Institution or a residential area and is also more than 500 meters away from HTL.
- The outer boundary of the identified quarry area is as shown in the map at page10of the plan.

C. SITE PLAN

- The selected quarrying area at Brookshabad is a more or less compact area.
- The HTL has been super imposed on the site plan with reference to the ICRZ Notification of 2011.
- The selected area has limited spatial extent, recognizable through topographic expressions, small hillocks, mounds, ridges over shorter intervals having narrow depressions etc.
- The extraction from this area would be of minor minerals only i.e. earth and stone boulders. Physical inspection has revealed that there are sufficient deposits of these minor minerals at the site.
- Quarrying in this area is not exactly mining but is more like digging and levelling. This would ultimately result in getting flat land bounded by hillocks having a gradient of 45-degree angle. However, the rehabilitation of quarry site will be undertaken as per the prescribed norms.
- The Committee after considering all the above points, the occurrence of Minor mineral, geographical condition and likely difficulties to be faced by the Regulatory Authorities in monitoring the environmental impact and implementation of necessary mitigation measures, is of the opinion to adopt cluster approach in the area and lease out mines having a area

- of 0.25 hectares each of 12 Quarry Blocks and 08 Quarry Blocks having an area of 0.2050 hectares each.
- vii The Administration vide letter No.34-738/2012-Rev (PF) dated 21st January 2013 had recommended deletion of Corpus Fund, The Committee has also recommended its deletion.
- viii The selected quarry area was inspected and levels taken at different locations. Based on the levels taken, plots of size 0.25hectares and 0.2050 hectares have been carved.
- ix 12 plots have been carved out in block B where explosives can be permitted for extraction of quarry material having the size of 0.25 hectares.
- x 08 plots have been carved out in block A where quarrying can be permitted without use of explosives having the size of 0.2050 hectares.
- xi The detail layout plan may be seen at page 10 of the plan.

D. POTENTIAL FOR EXTRACTION OF MINOR MINERAL AND YEARLY EXTRACTION

- After taking levels and fixing benches within the blocks, the slope to be maintained at each plot has been arrived at in such a manner that at the end of quarrying from the area we have a gradient of 45 degree angle or a flat land which can be used for any other purposes. Details may be seen at page 10 of the plan.
- As stated earlier the committee is satisfied that the quarry sites are having existence of minor mineral. However, committee feels that it is for the prospective bidder to do the estimate prior to bidding and satisfy themselves with regard to quantity of minor minerals.
- In order to stagger the quarry operations over a period of time, the Committee decided to allow extraction of up to 12,000 cbm Minor Minerals from each site per annum.
- The site marked as X(in the map at page 10of the plan), which are depressions on account of quarrying activities in the past, have been selected for dumping of quarry waste and overburden.

E. PROGRESSIVE AND FINAL CLOSURE PLAN

- Considering the small size of quarry sites to be leased out,the Committee feels that progressive closure plan would not be feasible however avenue plantation is to be undertaken as an interim measure for protection of the environment.
- The Committee has decided to recommend guidelines for final closure of quarry. The following points are to be considered as a part of final closure of the quarry.
 - Location of the Quarry.
 - Topography of the Quarry
 - Reason for Closure or Reserves of Minor Minerals available for future in the quarry, if any
 - The reclamation and rehabilitation of the mined quarries indicating the method of reclamation/ restoration of land and quarries pits.
 - Water quality and hydrology of the area indicating water bodies, surface run-off, vulnerability to erosion, sedimentation/siltation, diversion of water course, contamination, quantity and quality change of water in water bodies. The corrective and protective measures are to be considered.
 - Air quality indicating air quality status & corrective measure to prevent pollution.
 - Waste Management indicating status, type, quality and quantity of over burden, earth/ top soil removed and prevention measure & disposal methods of the overburden in case not utilized for stabilization & for filling the pits. The protective measures to be taken for prevention of siltation, erosion and dust generation from these waste materials should also be addressed.
 - Infrastructure- Emphasis on maintaining the existing roads, etc and creation of toe/ retaining walls, check dams etc.
 - Disposal or removal of Quarrying Machineries & construction like hutment/shed if any.
 - The Administration may include any activity as a part of closure of closure plan at any point of time.
 - Statutory obligations like payment of wages/ Compensation for retrenchment of manpower/ labours under ID Act, and handling any other kind of repercussions shall be the sole responsibility of quarry lease holder.
 - Disaster Management & Risk Assessment-indicating the probable high risks like landslides, seismic activities, inundation of low areas in abandoned quarry and action plan to mitigate these risks.
 - Monitoring and Evaluation of the activities of the closure plan.
- The above activities shall be undertaken jointly by the Department of Revenue, Forest, Andaman Public Works Department and the Pollution Control Committee of the UT.

F. PLANS FOR RECLAMATION AND RESTORATION OF LAND

The following activities for reclamation and restoration of the land have to be jointly undertaken from the corpus created by concerned Departments such as Revenue, Forest, Andaman Public Works Department and the Pollution Control Committee of the UnionTerritory.

(a) Plantation activities to be taken up in strips (along the approach road) & Blocks (in the abandoned/closed quarries).

(b) Coastal/Littoral species of trees/plants will be selected for Strip Plantation along road and Hardy and fast growing tree species will be selected for block plantation.

(c) The Strip Plantation along the road will be taken up in 2-3 rows depending upon the availability of land along the road.

(d) The Strip Plantation on the sea ward side of the road will be raised in staggered/ quincial pattern with spacemen of 3mts x 3mts. (row to row & plant to plant respectively).

(e) Casualty/ mortality filling of the plantations will be carried out for minimum of three years starting from year of planting.

(f) Maintenance of the plantation will be done continuously for minimum of five years or more till the establishment of the plantations and activities like mulching, weeding, climber cutting and cleaning including the repair and maintenance of tree guards /fences will be taken up in each year.

- (g) Cost estimation for each segment of Strip or Block plantation will be done by Forest department based on the Schedule of rates/ standard norms of the department considering the site conditions/ locality factors specially the soil and biotic factors of the area.
- G. MEASURES FOR POLLUTION CONTROL**
- During quarrying operations, the water should be sprayed at least once in a day over the roads at the quarry sites and nearby areas by the lease holders.
 - Kachha road, used for transportation of murrum, from the quarry site shall be invariably sprayed by water during these operations. In order to minimize dust pollution, measures such as adoption of hoods at transfer points, vulcanizing of conveyer belt joints, under belt cleaning devices, and installation of dust suppressions and/or dust extraction system for conveyance shall be adopted.
 - The kachha road leading to the quarry shall have avenue plantation to arrest the dust pollution.

SPECIFIC GUIDELINES FOR SOURCEWISE POLLUTION CONTROL MEASURES TO BE FOLLOWED FOR STONE QUARRIES BY THE LEASE HOLDER

AIR POLLUTION

DRILLING :

- Drilling machine shall be fitted with dust suppression, collection and disposal arrangement.
- Deep wetting of drilling zones shall be done by water sprinkling before starting drilling.

- During the drilling operations the efforts shall be made to reduce dust generation by taking appropriate measures

BLASTING

- Proper blasting whole geometry shall be designed.
- Blast site shall be wetted before and after blasting operations are completed.
- Only optimum quantity of permissible explosives shall be used so that the vibrations do not damage the structures/houses which may be close to human habitation.
- Blasting shall be conducted only during favorable weather conditions and only during the day time and permissible hours.
- The blasting operations shall be given publicity in the local area through all possible means and other available media so that local people become aware of the blasting activities being undertaken in the area.
- The blasting to be undertaken by an authorized Shot firer only.
- The storage of the explosives and its transfer to and from the quarry area shall be strictly in accordance with the conditions listed in the permission granted by Competent Authority.

Heavy Earth Moving Machinery (HEMM):

- The operator/ transporter shall carry out regular maintenance of the machinery and vehicles.
 - The speed limit shall be adhered to.
 - Operator's cabin of the HEMMs should preferably be air conditioned at least air tight.
 - The smoke emission should conform to the standards notified in Motor Vehicle Act.
 - The trucks carrying the mined products shall be covered with tarpaulin so that there are no fugitive emissions during transportation.
 - The transportation should not be through the busy roads in the city/towns/villages if by pass roads are available.
- HAUL ROADS:**
- All the haul and service roads shall be mettled and well maintained.
 - Unmettled haul roads shall be free of ruts and pot holes.
 - All haul roads and surface roads shall be regularly sprayed with water.
 - Plantation alongside haul roads (avenue plantation) shall be carried out done.

OVERBURDEN:

- Plantation over and around over burden dumps shall be carried out to ensure stability of slopes, prevention of dust by wind action and soil erosion during the run off.
- Wetting of surface of Overburden dump shall be regularly practiced.

NOISE POLLUTION

BLASTING:

- Blast holes shall be judiciously charged.
- No blasting shall be done when there is low cloud ceiling.
- All other guidelines regarding blasting operations shall be strictly adhered to as per the direction of the competent authority.

DRILLING:

The workers shall be provided appropriate personal protective equipment viz. ear mufflers/ ear plug or noise proof cabins.

Heavy Earth moving Machinery (HEMM):

- The engine exhausts of HEMM to be fitted with mufflers and cabins shall be noise proof.
- HEMM shall be properly maintained.
- Operators shall be provided with ear mufflers / ear plugs.
- Imposition of speed restriction of HEMM near residential area shall be enforced.
- The haulage path of the HEMM shall be re-routed so that it is away from the residential area.

WATER POLLUTION SURFACE:

- The project components should comply with all the standards given in the Water (Prevention and Control of Pollution) Act, 1974.

H. RESPONSIBILITY OF QUARRY LEASE HOLDER

Besides the responsibilities of the quarry lease holder as stated in the A & N Islands Minor Minerals Rules, 2012, the quarry lease holder shall also be responsible for complying with the various aspects as suggested in the various headings of the instant quarry plan and any further compliance required to be ensured (if any), conveyed by the Administration from time to time.

I. OTHER RELEVANT MATTERS

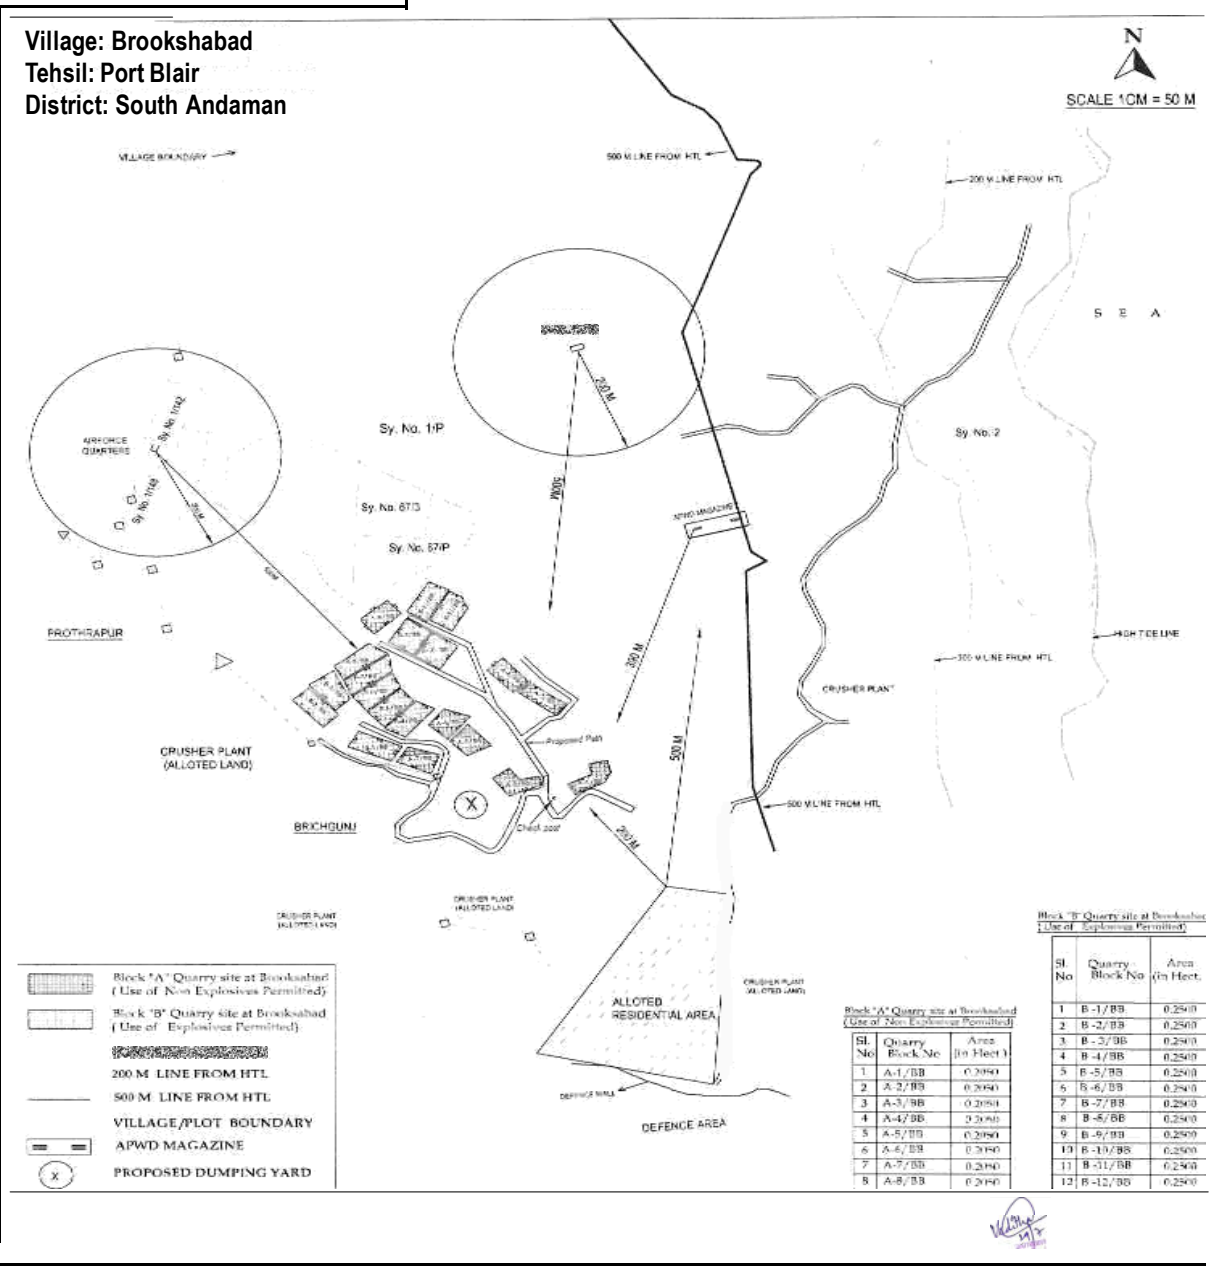

- Periodical Health check-up of the workers and their family members engaged in the quarry, a dust prone unit and to keep vigilance on development of Silicosis or other respiratory illness.

- All quarry lease holders must keep necessary provision of "First Aid" at the work site.
- Make provision of fund for aid to the workers and their family in case of any accidental injury/death take place.

J.PERIOD OF OPERATION OF QUARRY PLAN

- The instant quarry plan shall come into force immediately after notification by the Deputy Commissioner (South Andaman).
- The plan shall remain in force tillthree years from the date of notification unless otherwise modified/recast on the basis of review conducted by the Committee after one year or on account of orders of a Competent Court/Administrator and in such event, the modified quarry plan shall have the same force and applicability for all concerned including the quarry lease holders.
- The instant quarry plan is within the ambit of provisions of Andaman and Nicobar Islands Minor Minerals Rules, 2012.
